Big Visible Testing

Claire Moss

claire@aclairefication.com

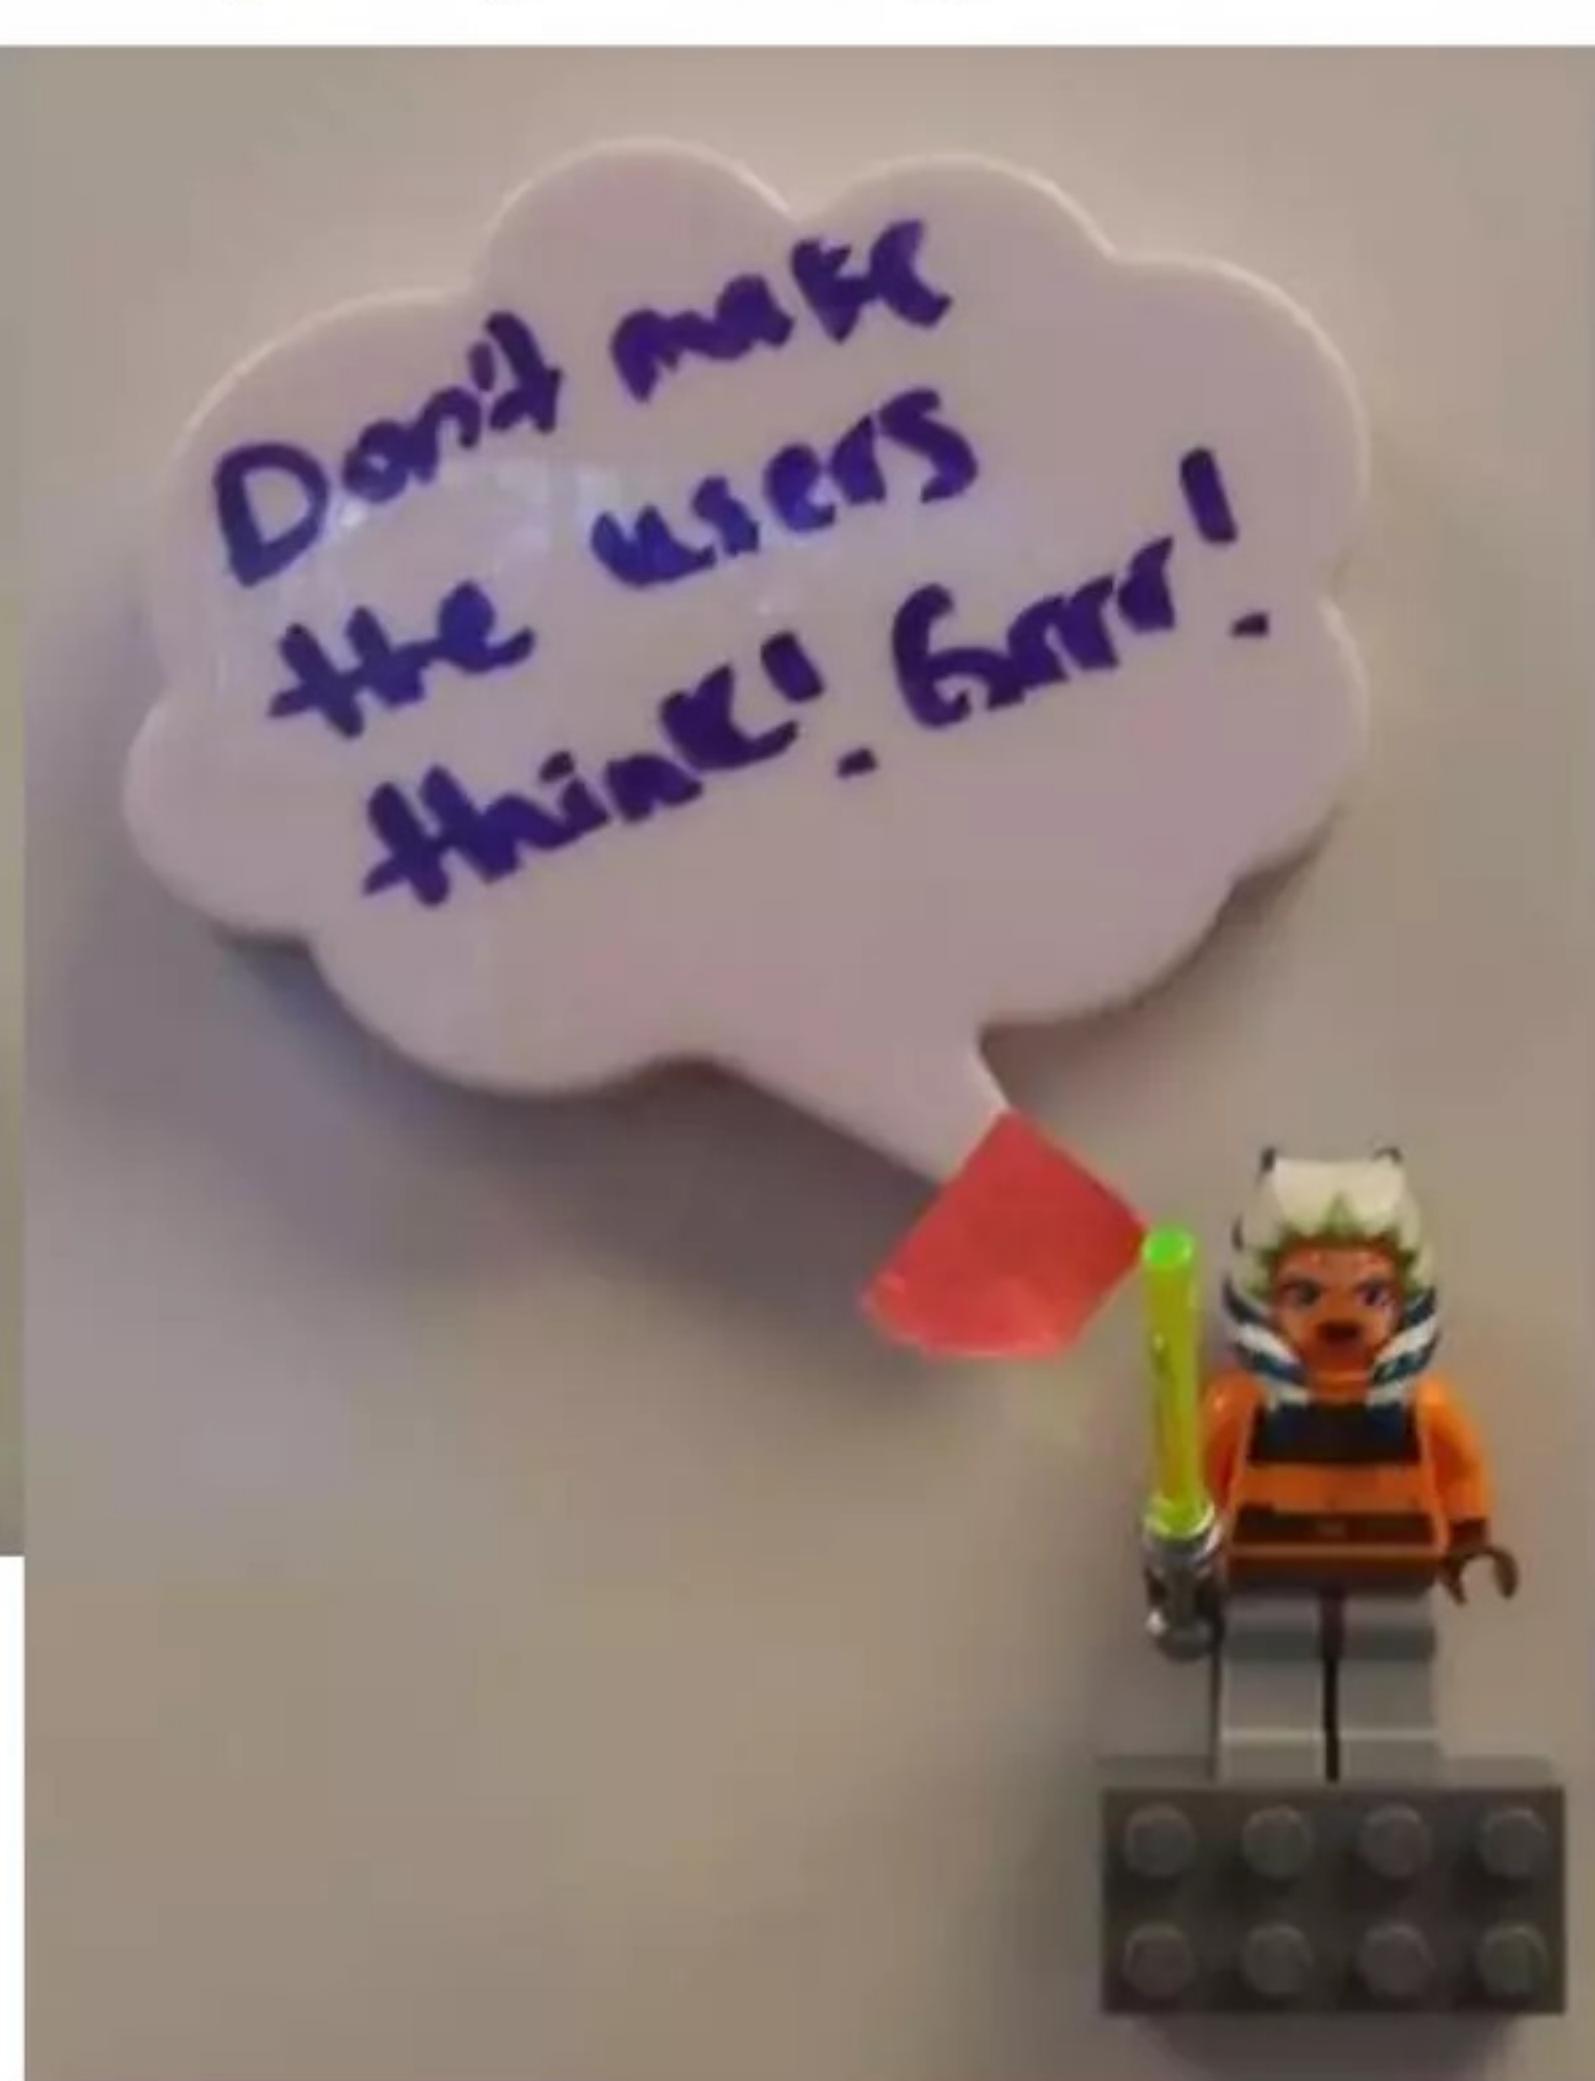

Who are my customers?

Product Manager

User Experience
(UX) Designer

Programmer/Developer

What do they want?

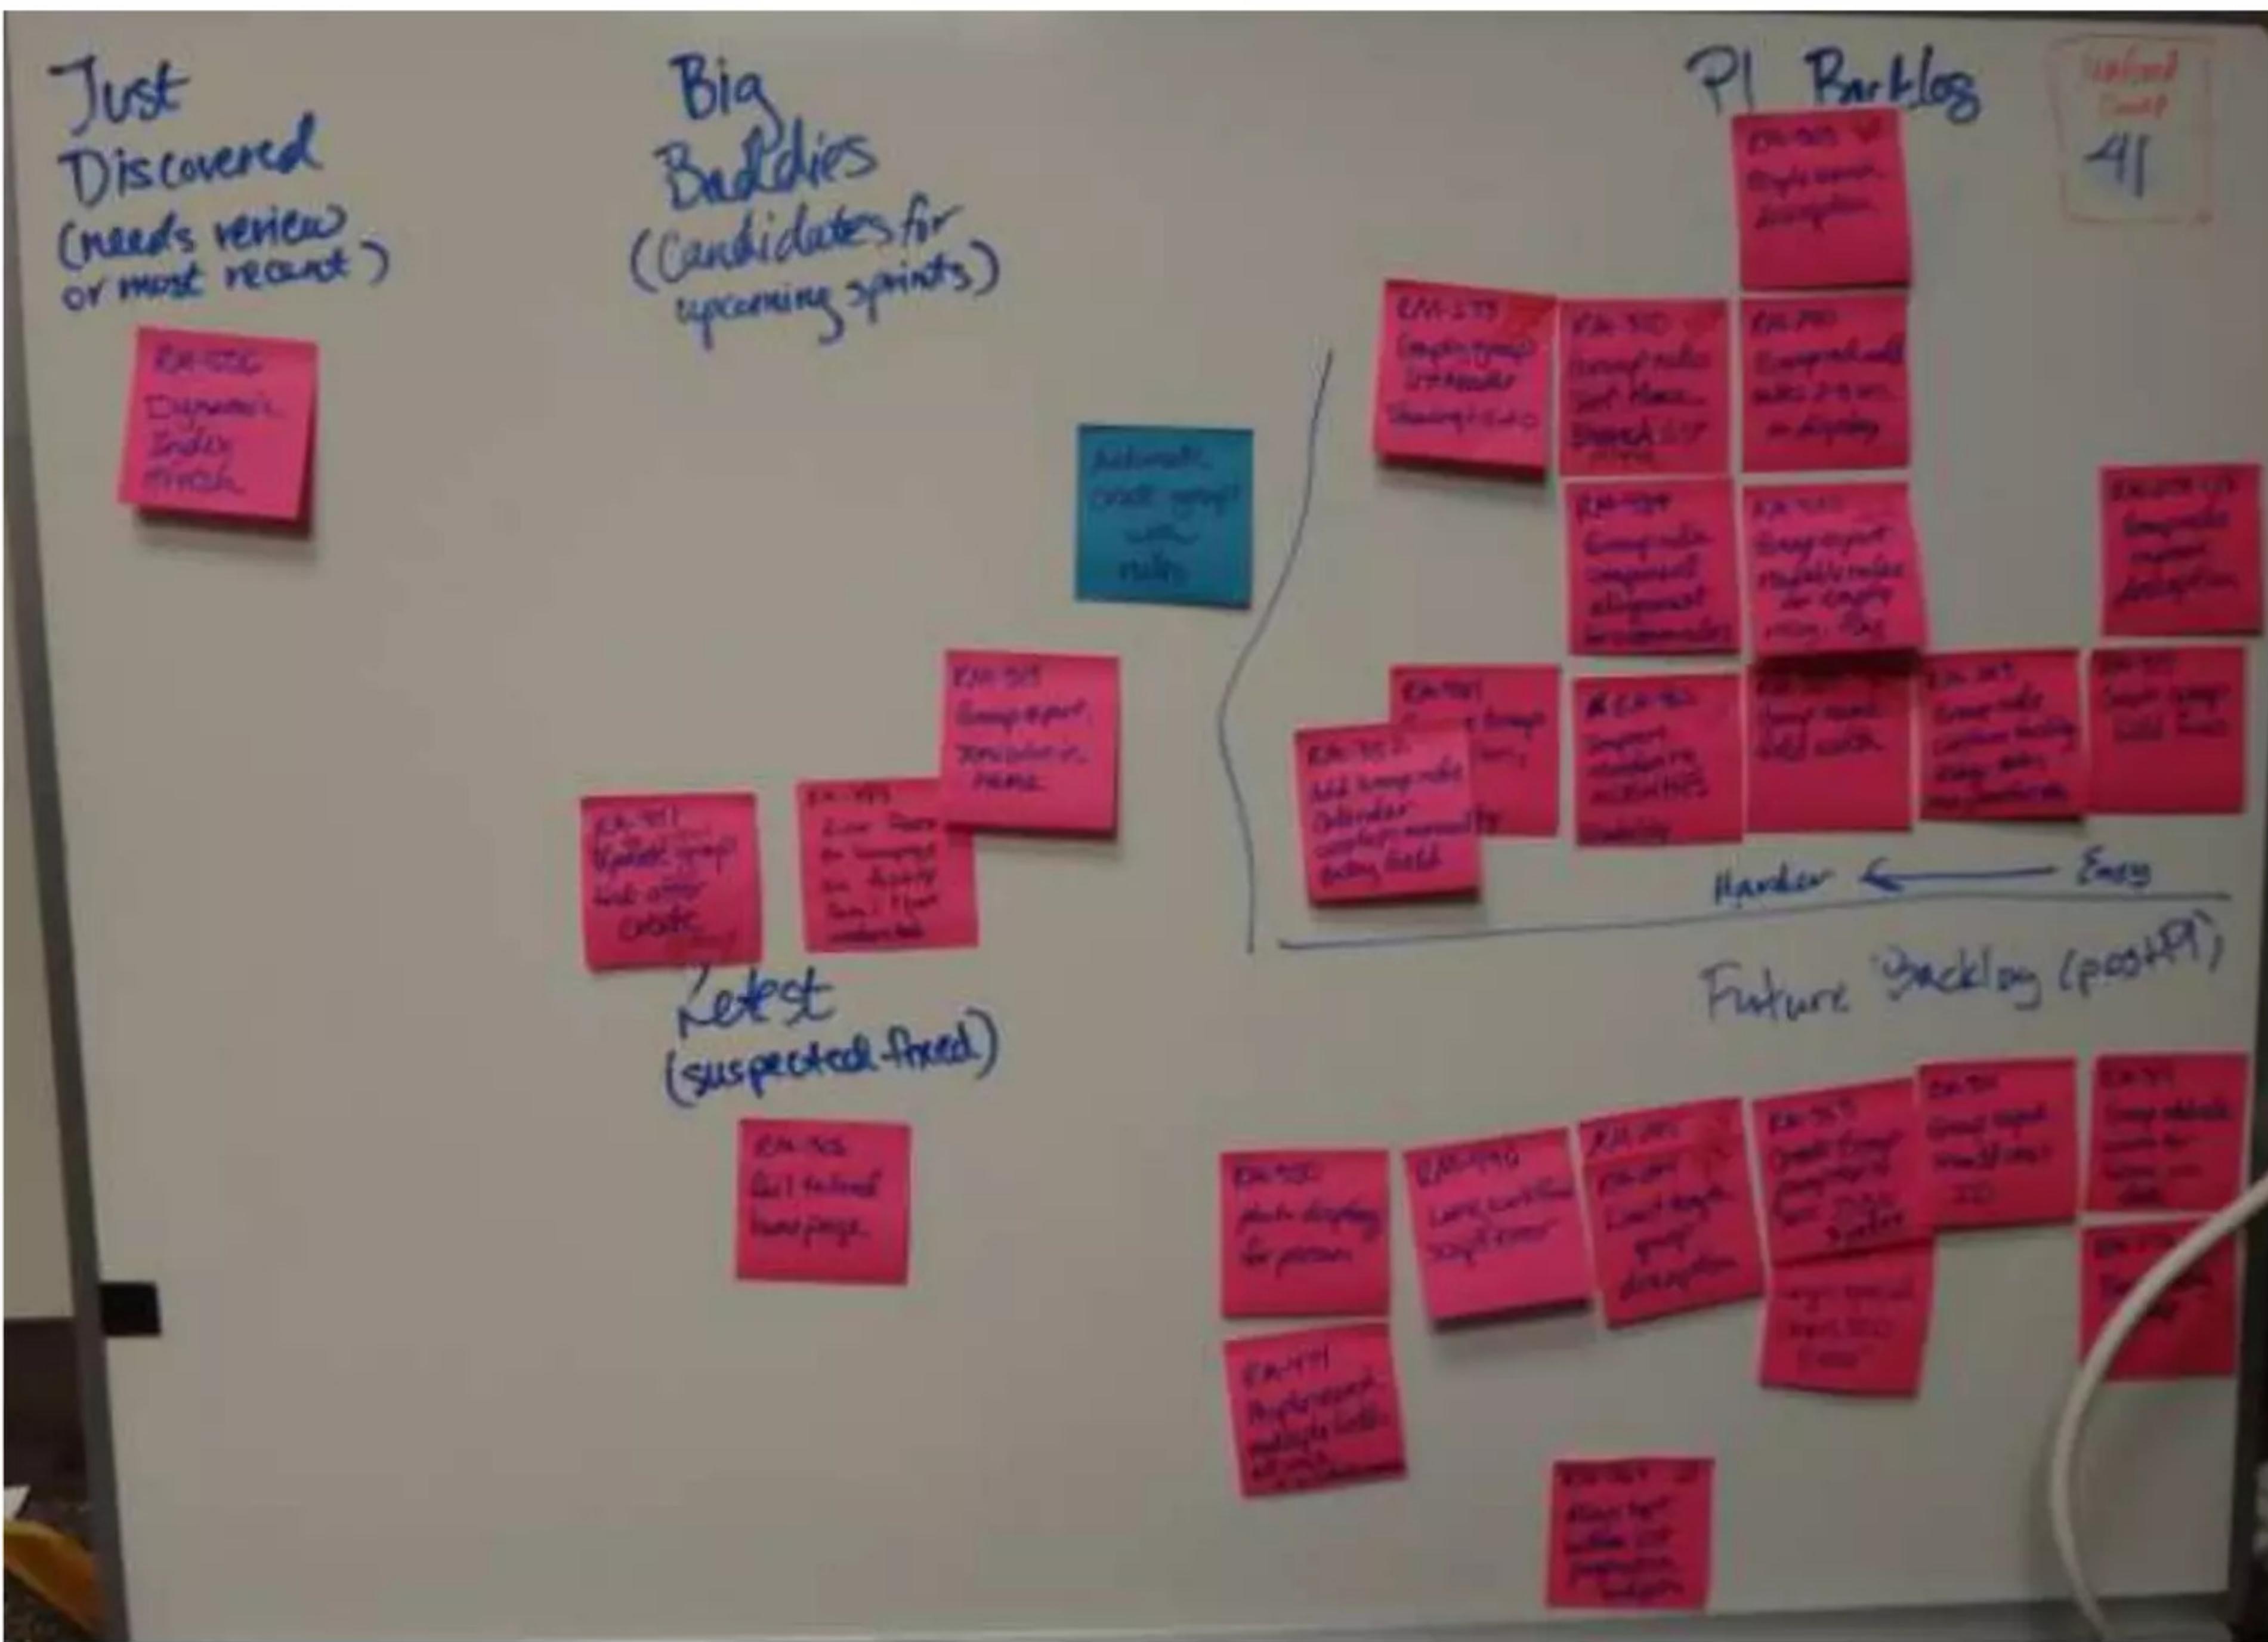

Definition of Done

- ④ Team reviews functional and unit tests are adequate. Dev & QA!
- ⑤ Exploratory testing questions are triaged.
- ⑥ Defects are triaged. All urgent defects are fixed and verified.

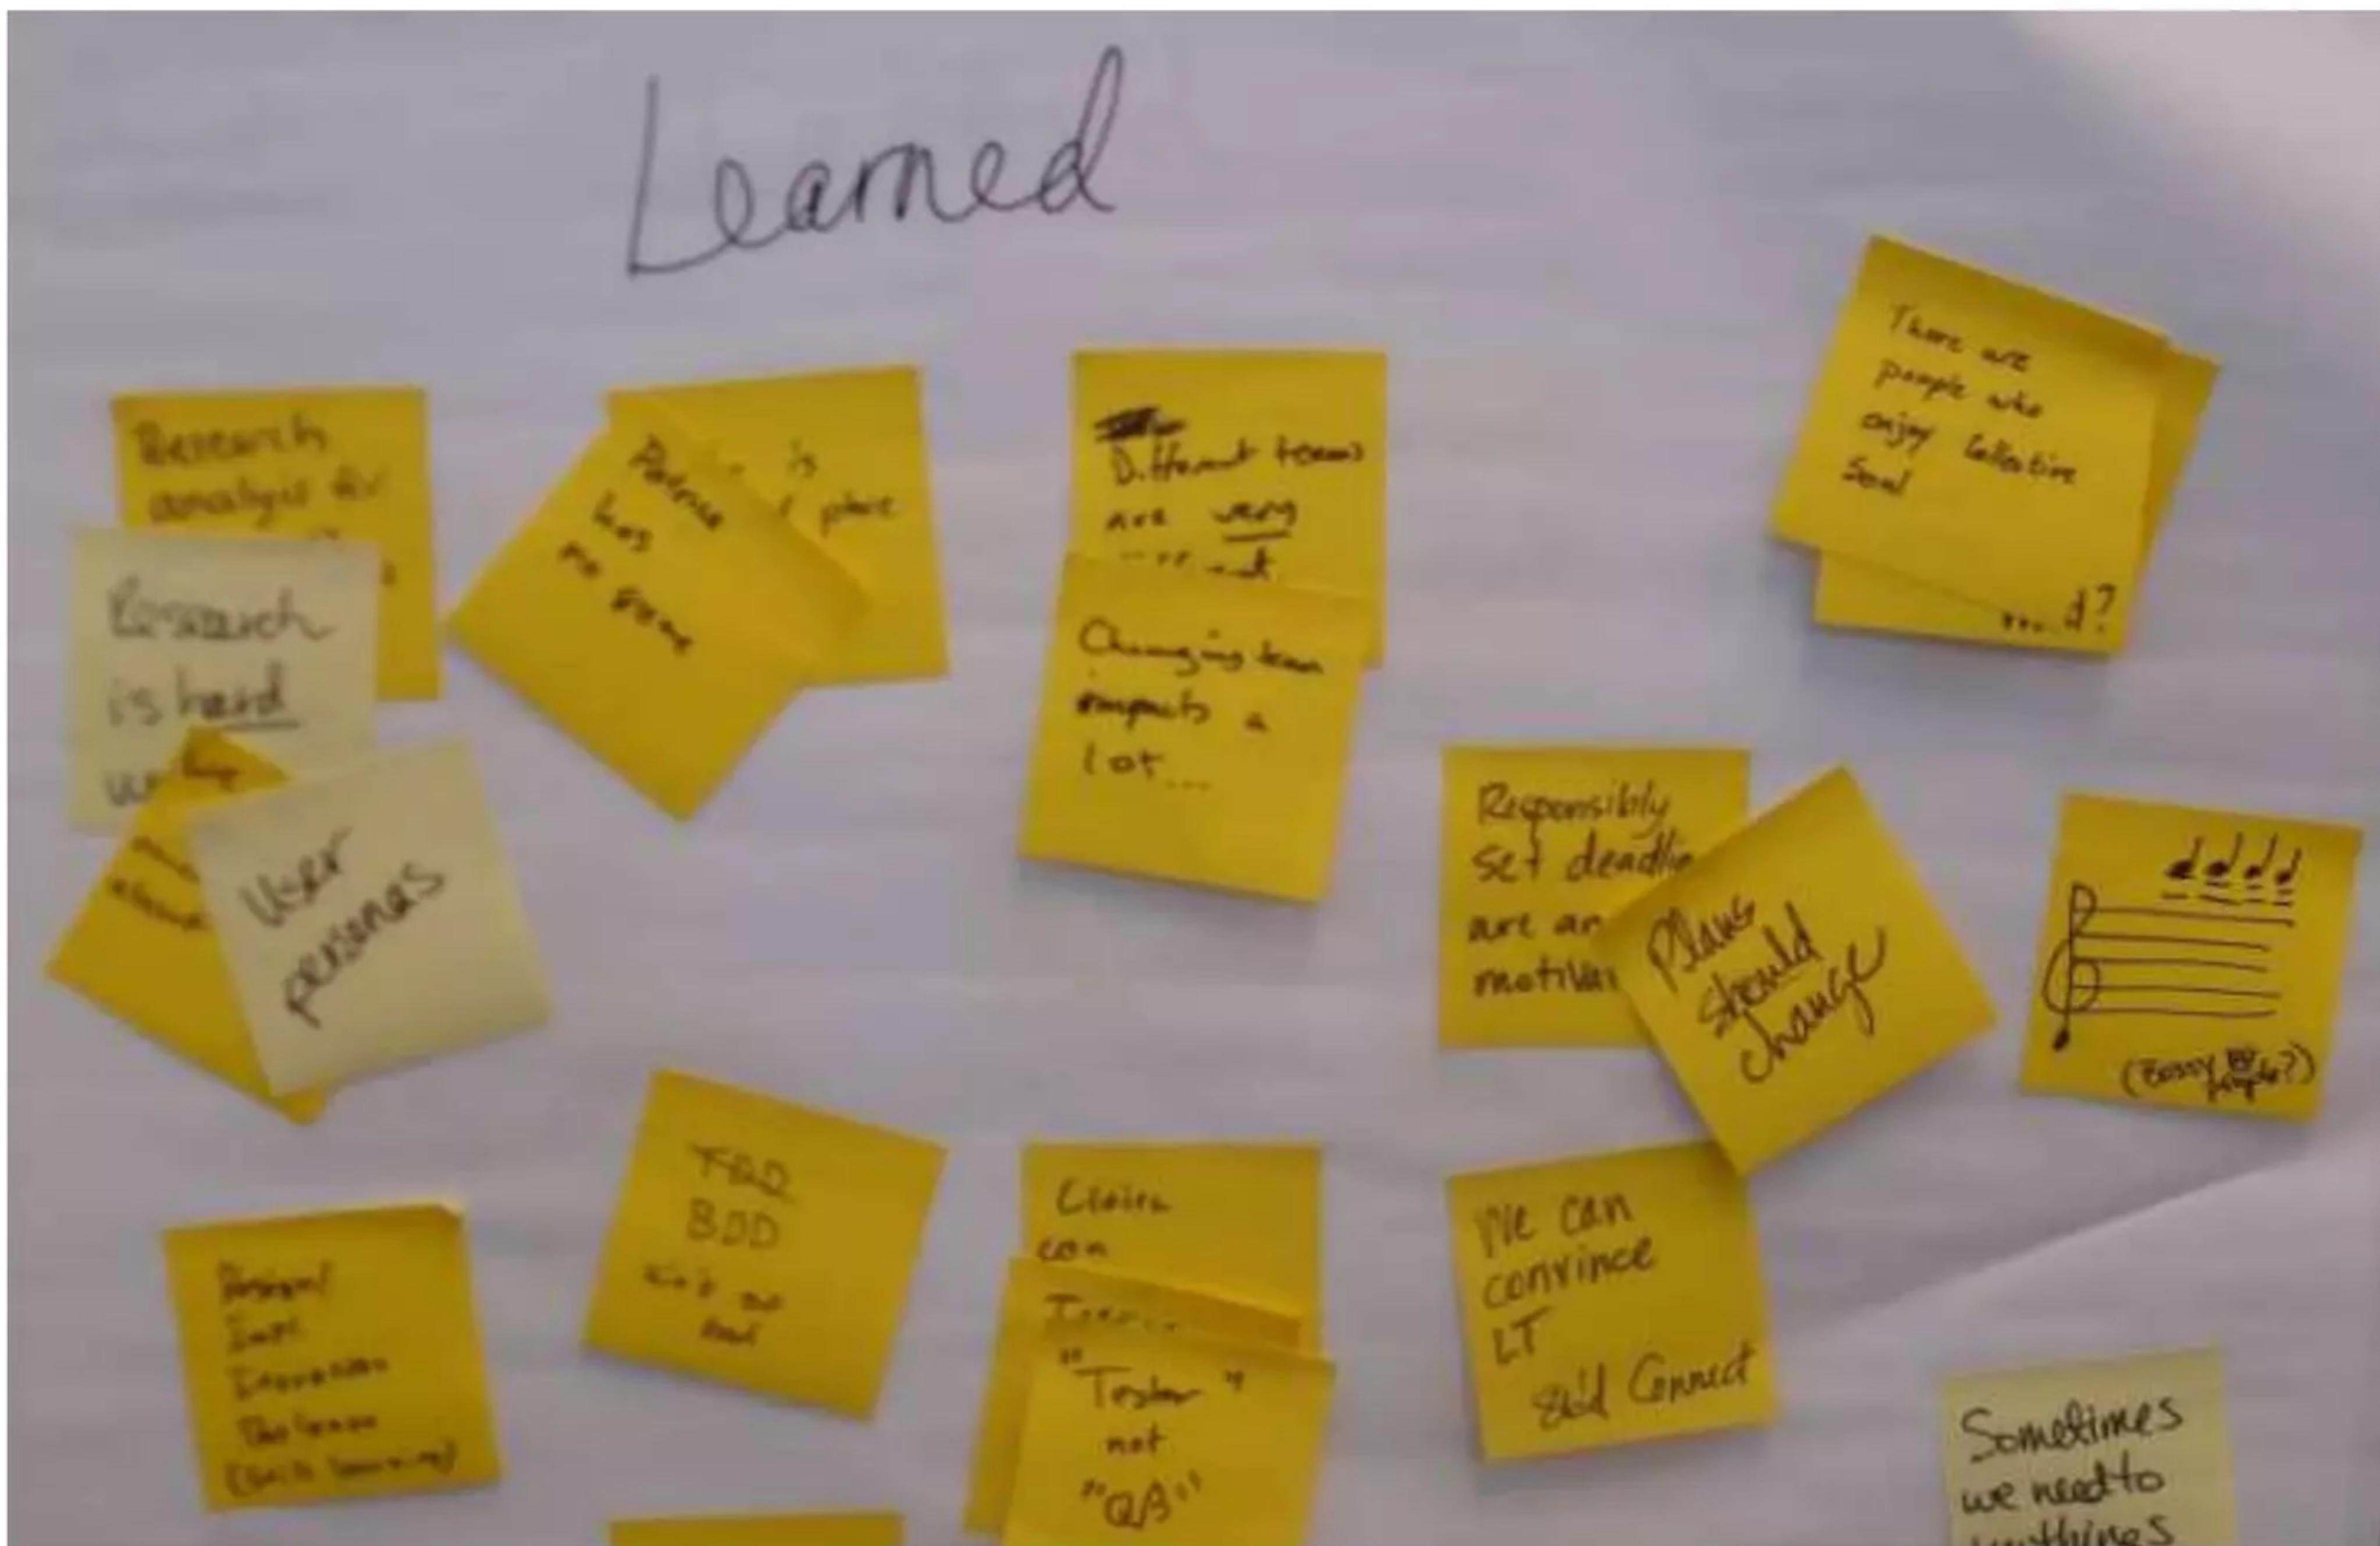

Bug Board

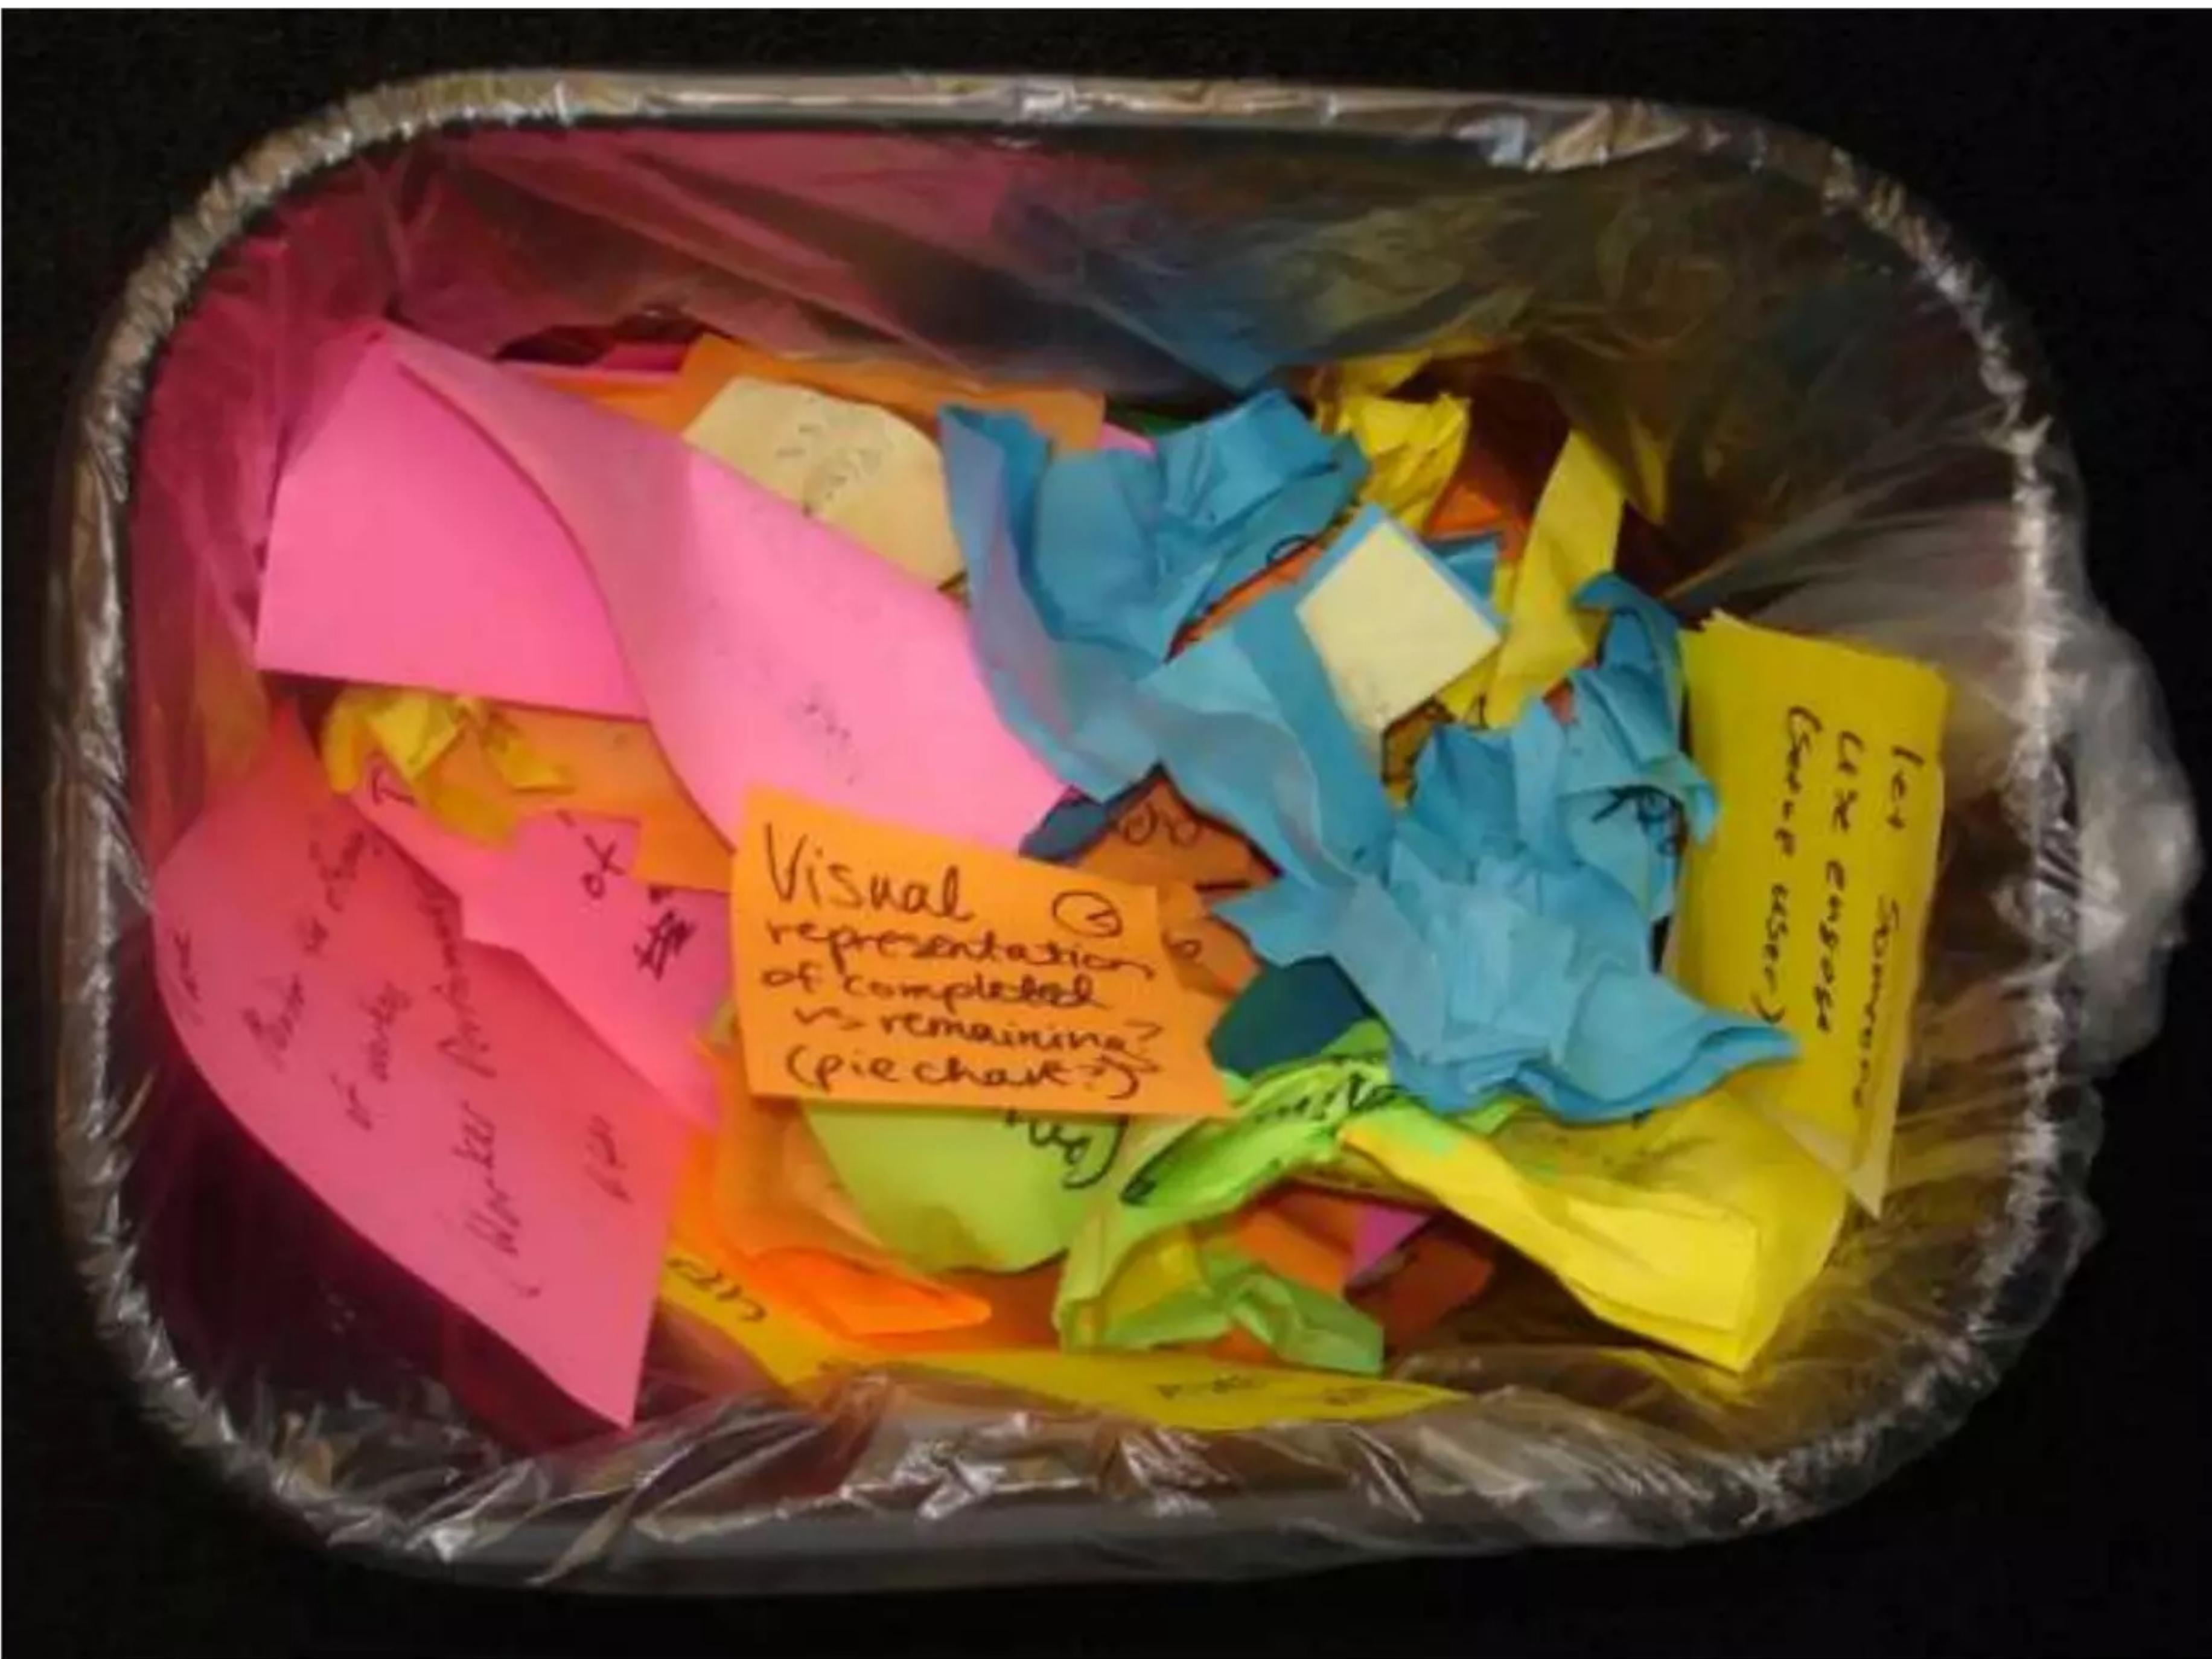

Bug Board after Product Owner Team

Retrospective

Iteration

Ben the Business Advocate

Can we ship it?

How little can we do
to keep moving?

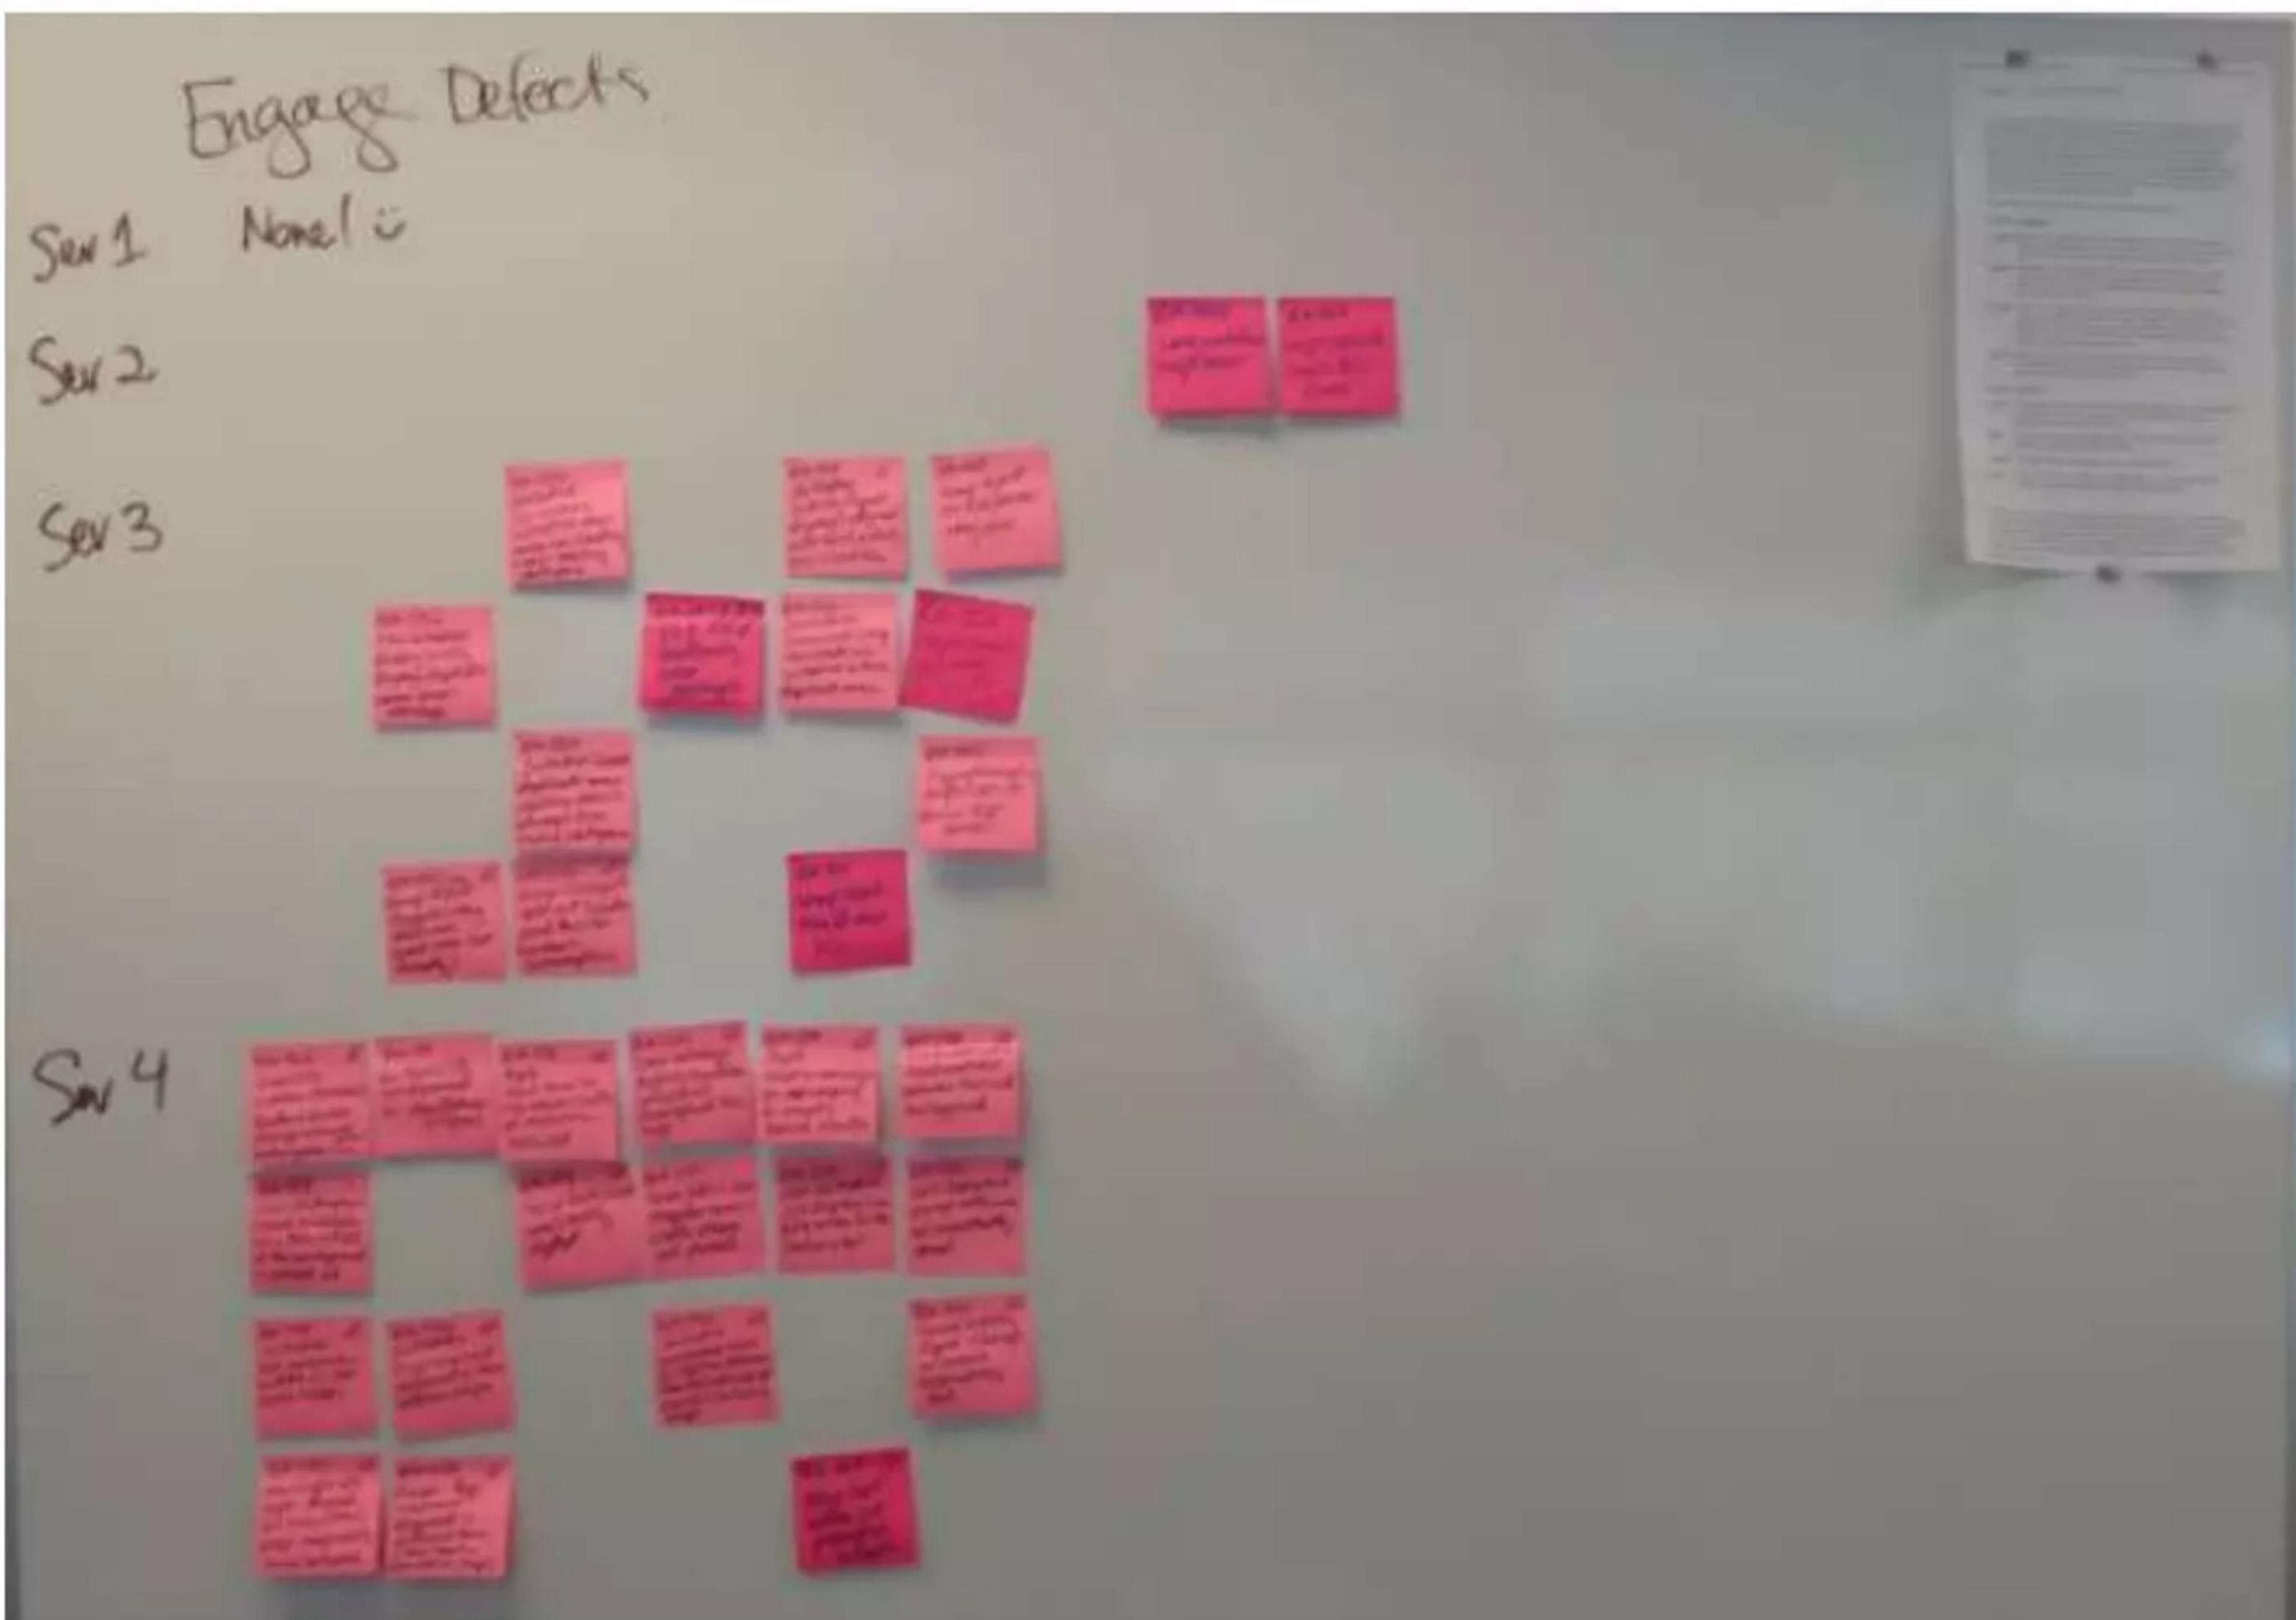

Does this affect the
bottom line?

Bug Board - Severity

Bug Board - Severity

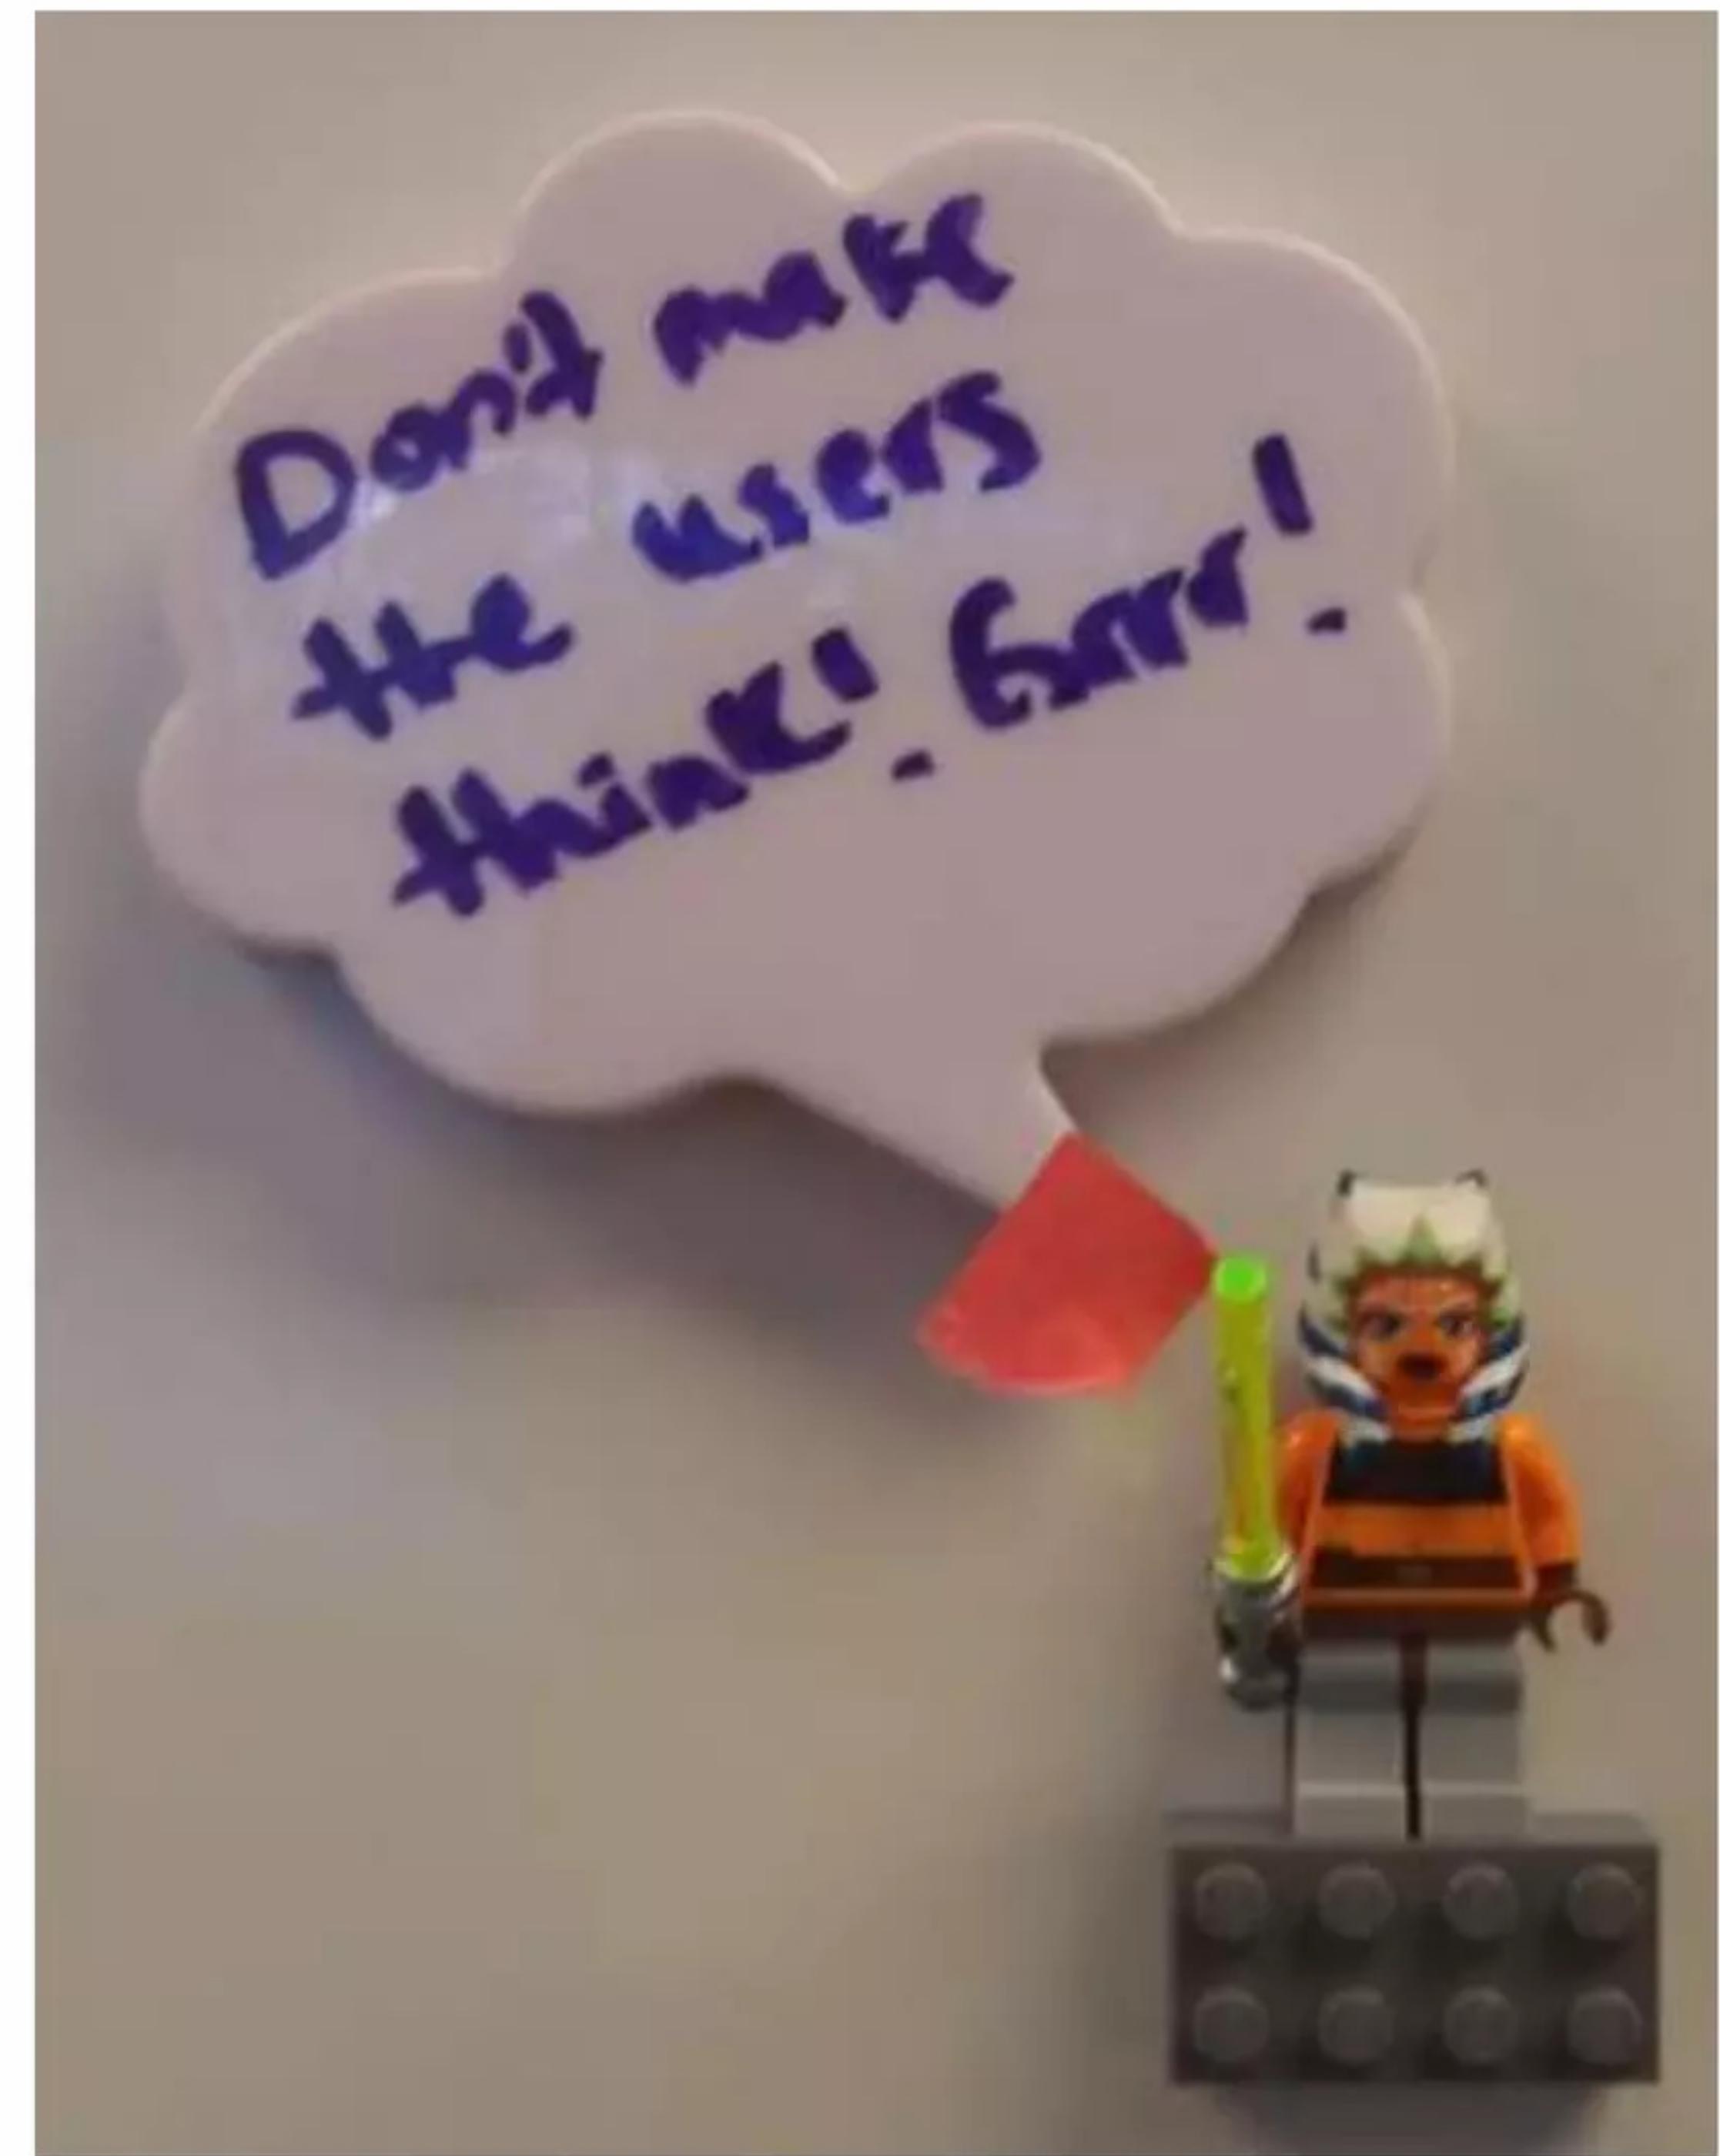

Ursula the User Advocate

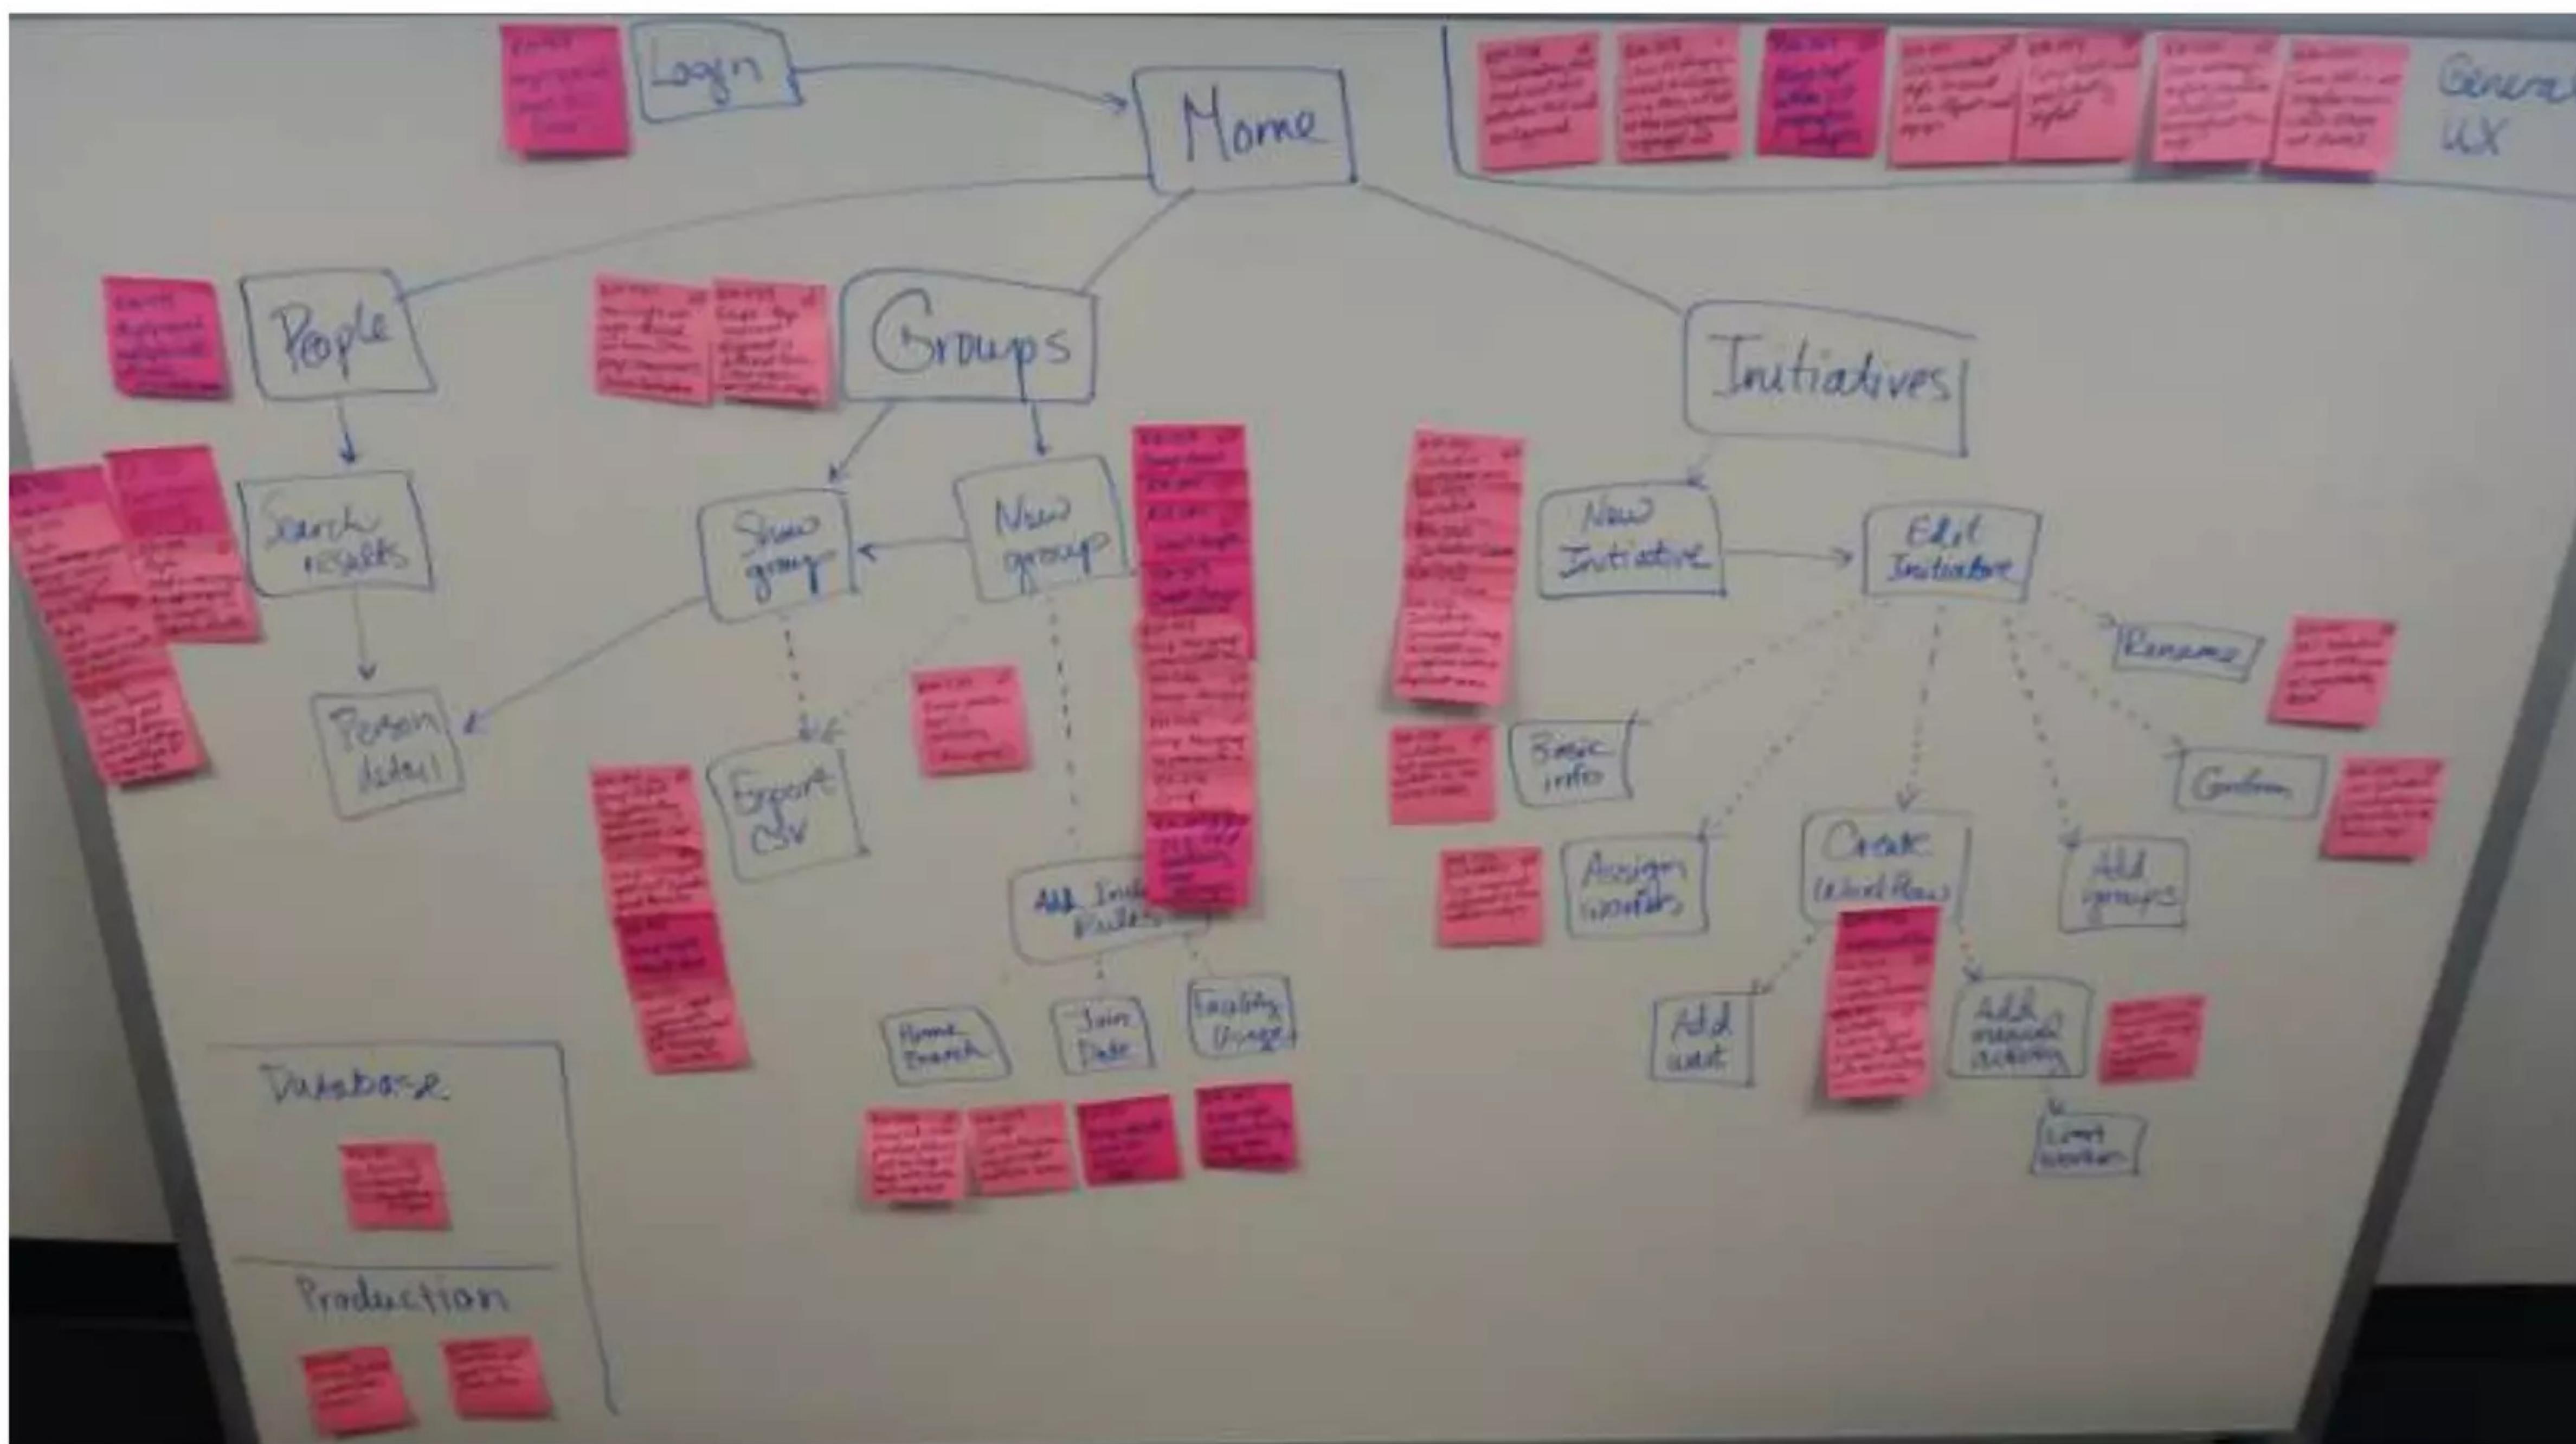

Show me!

I want to experience it.

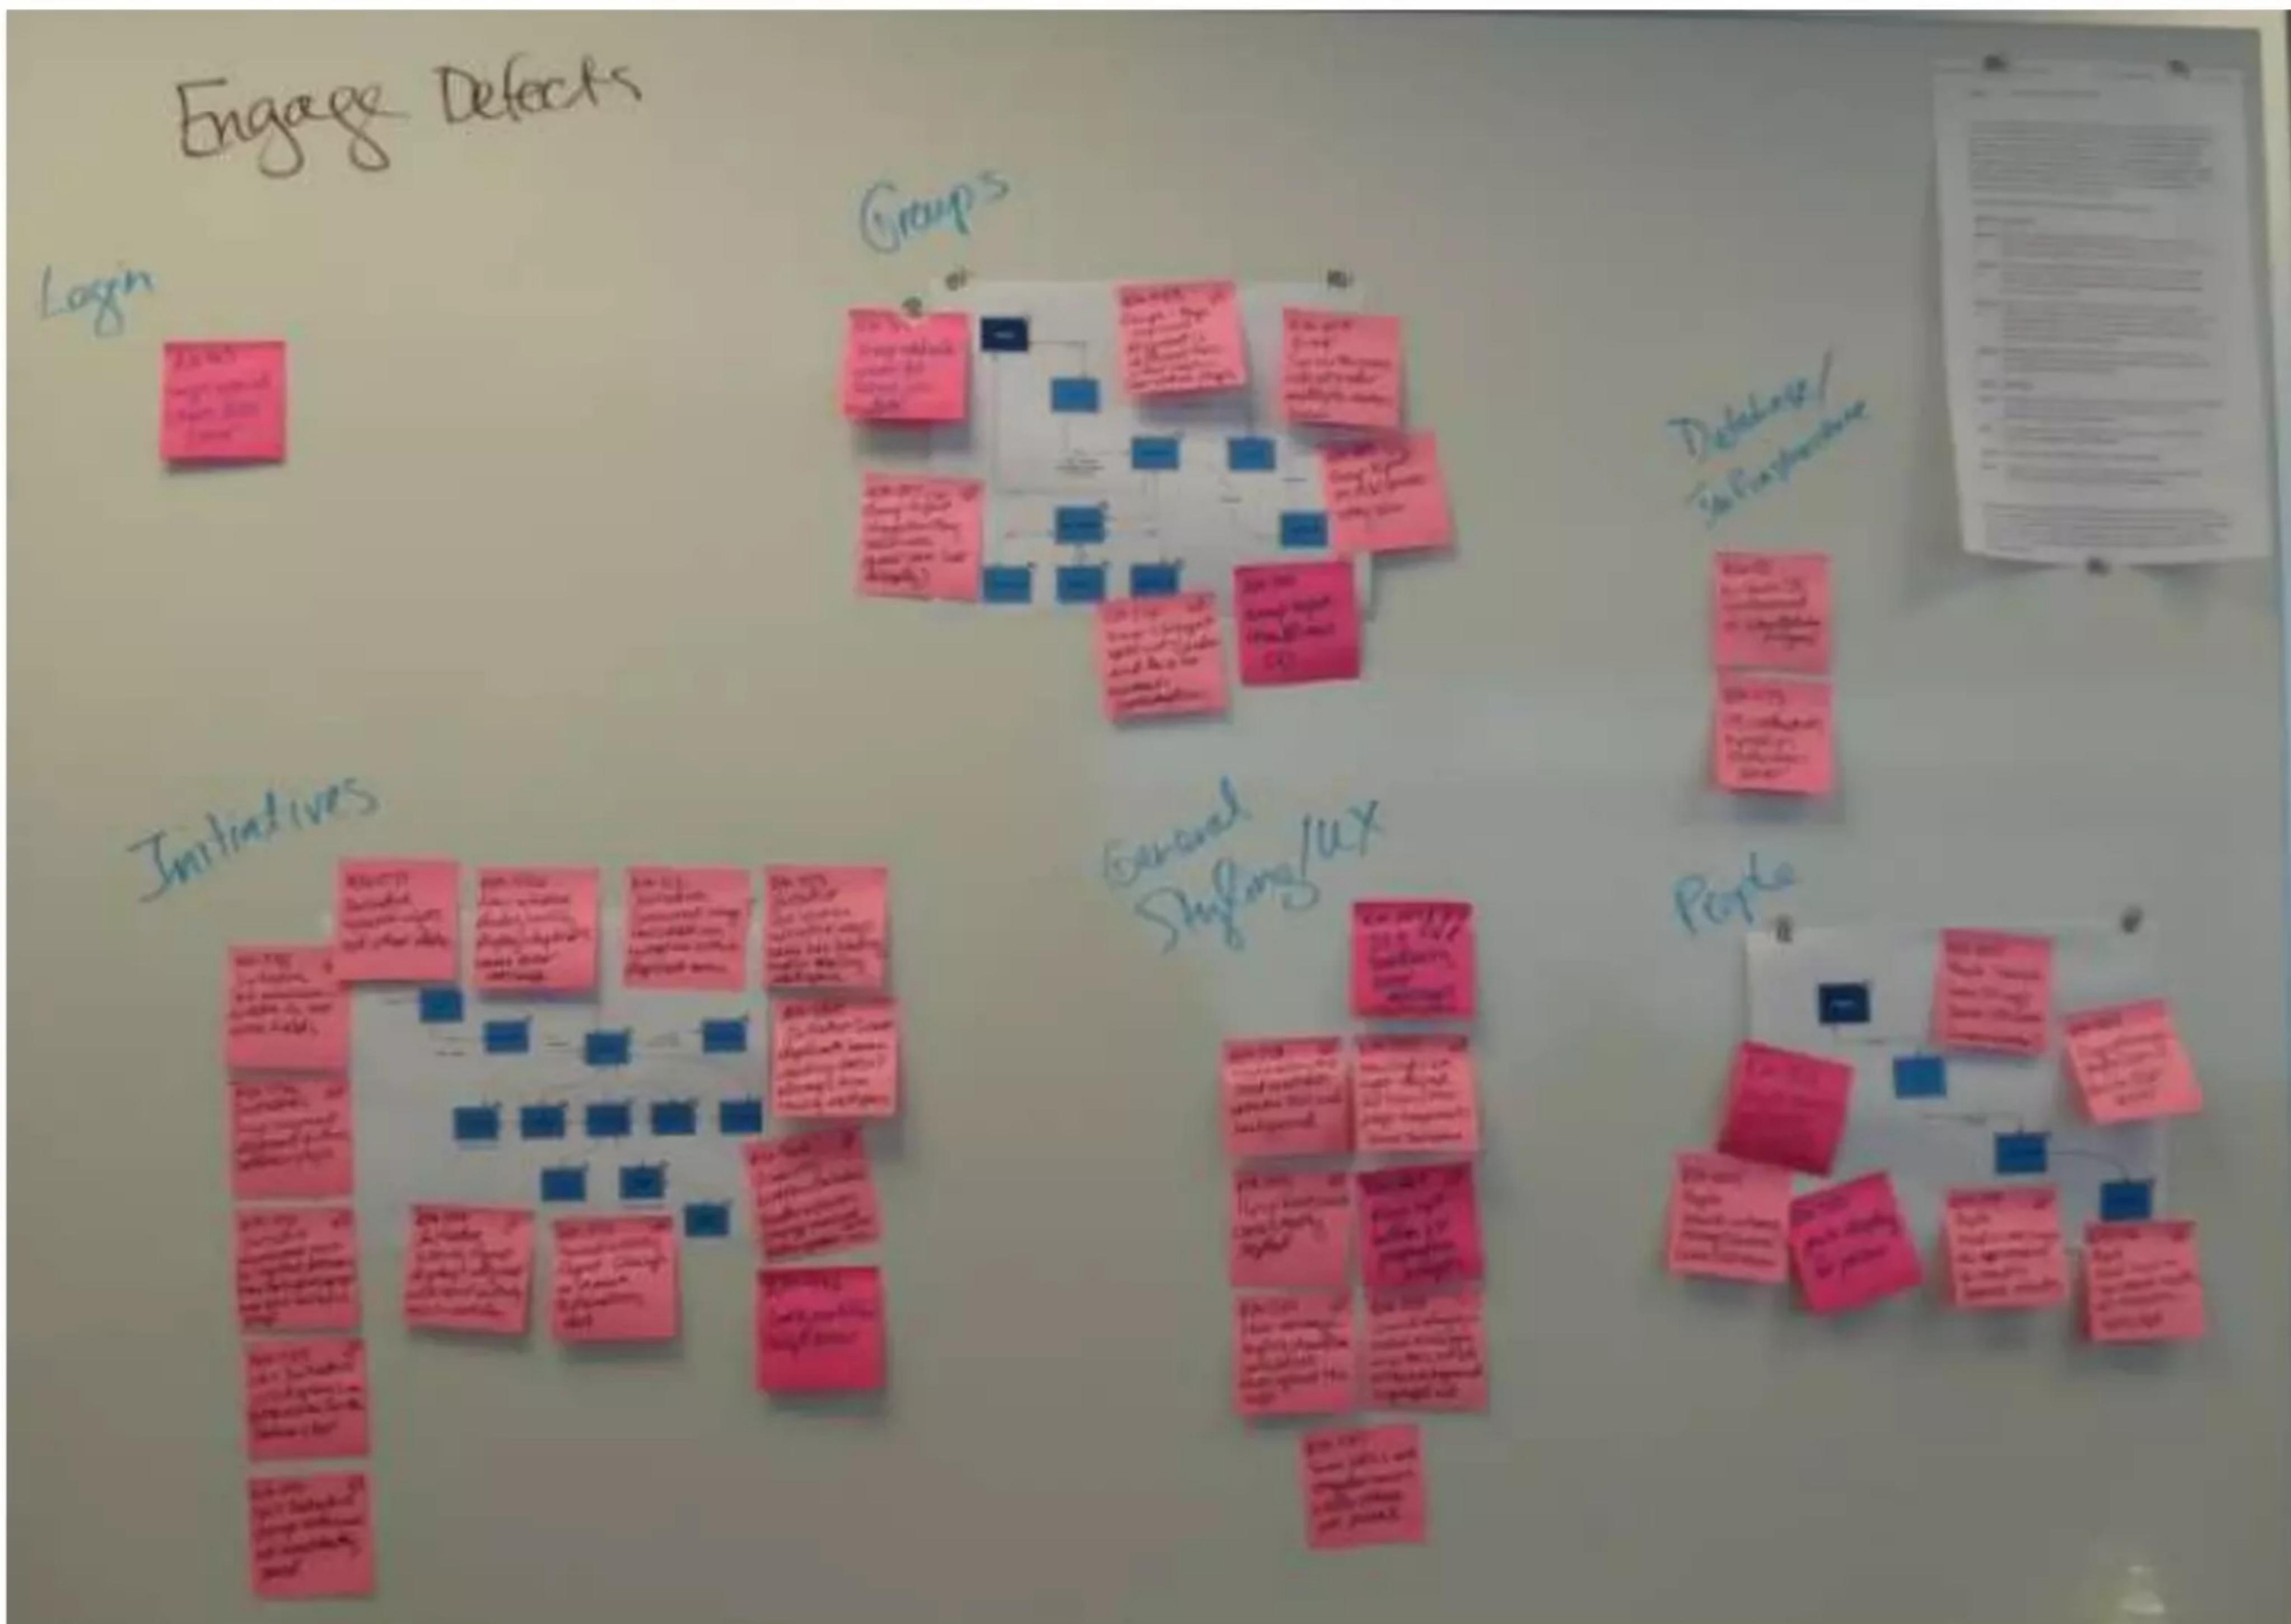

What are other
possible solutions?

Bug Board – Site Map

Bug Board – Site Map

Todd the Technology Advocate

Does it work?

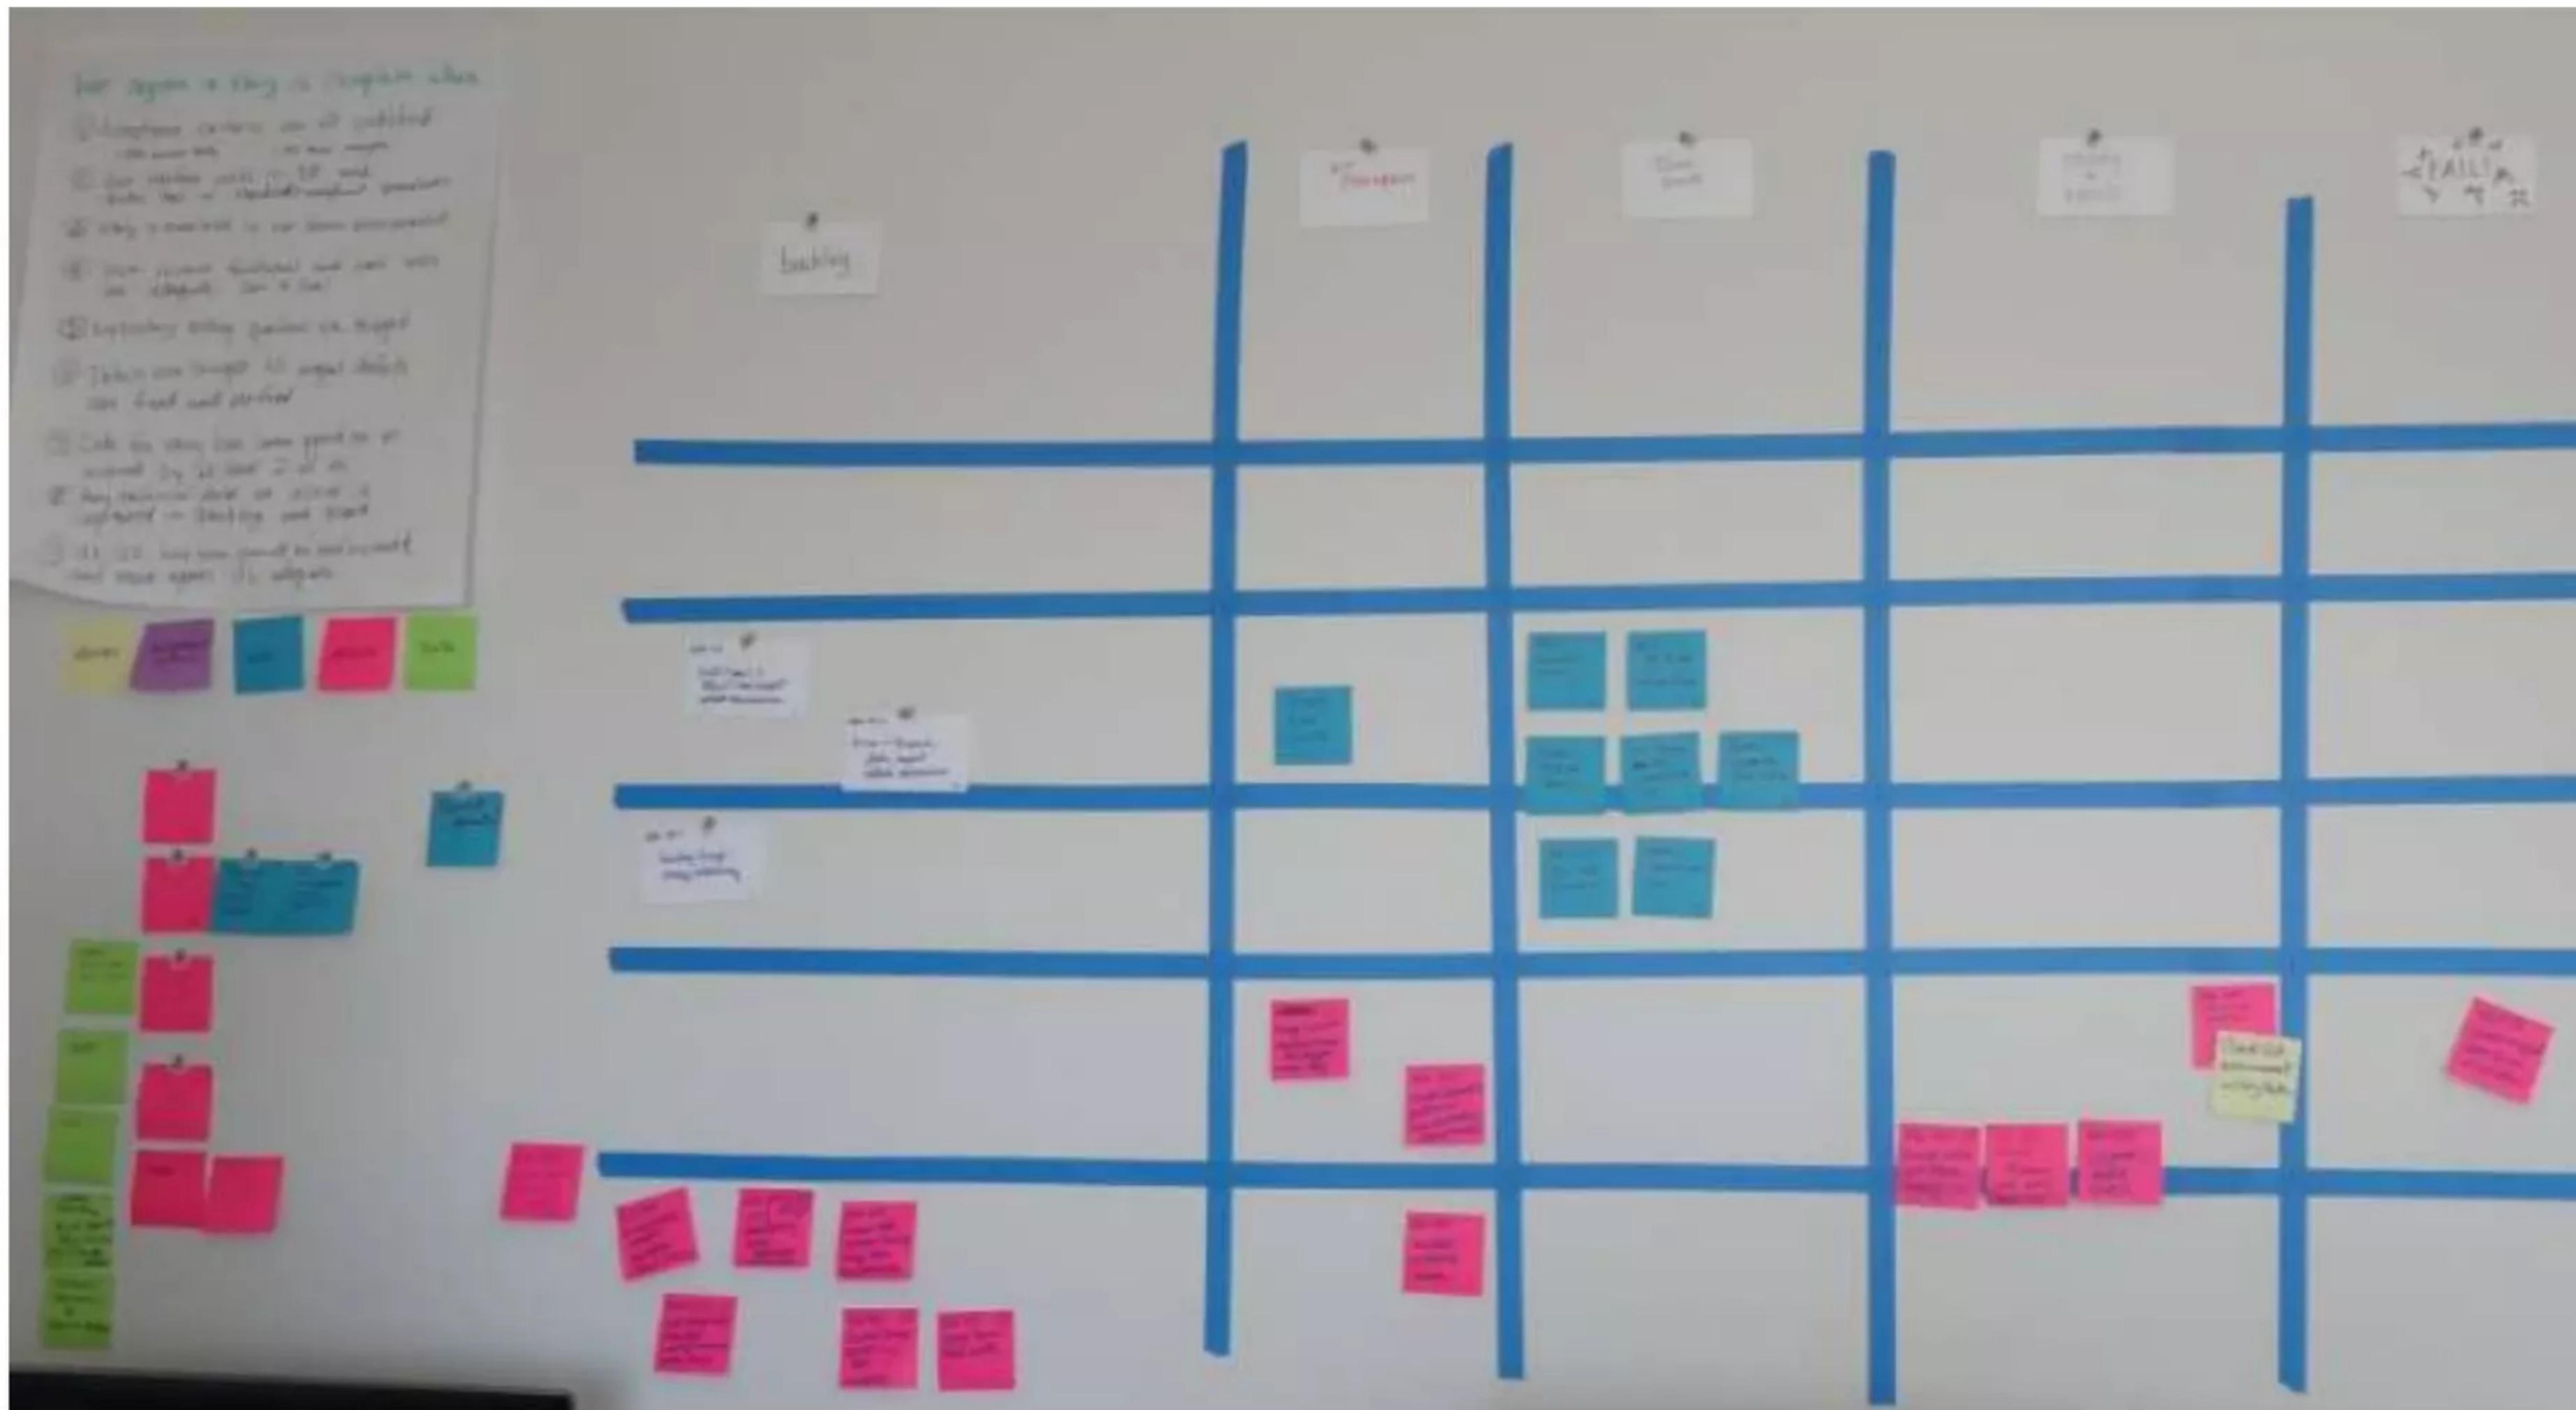

How bad is it?

What's next?

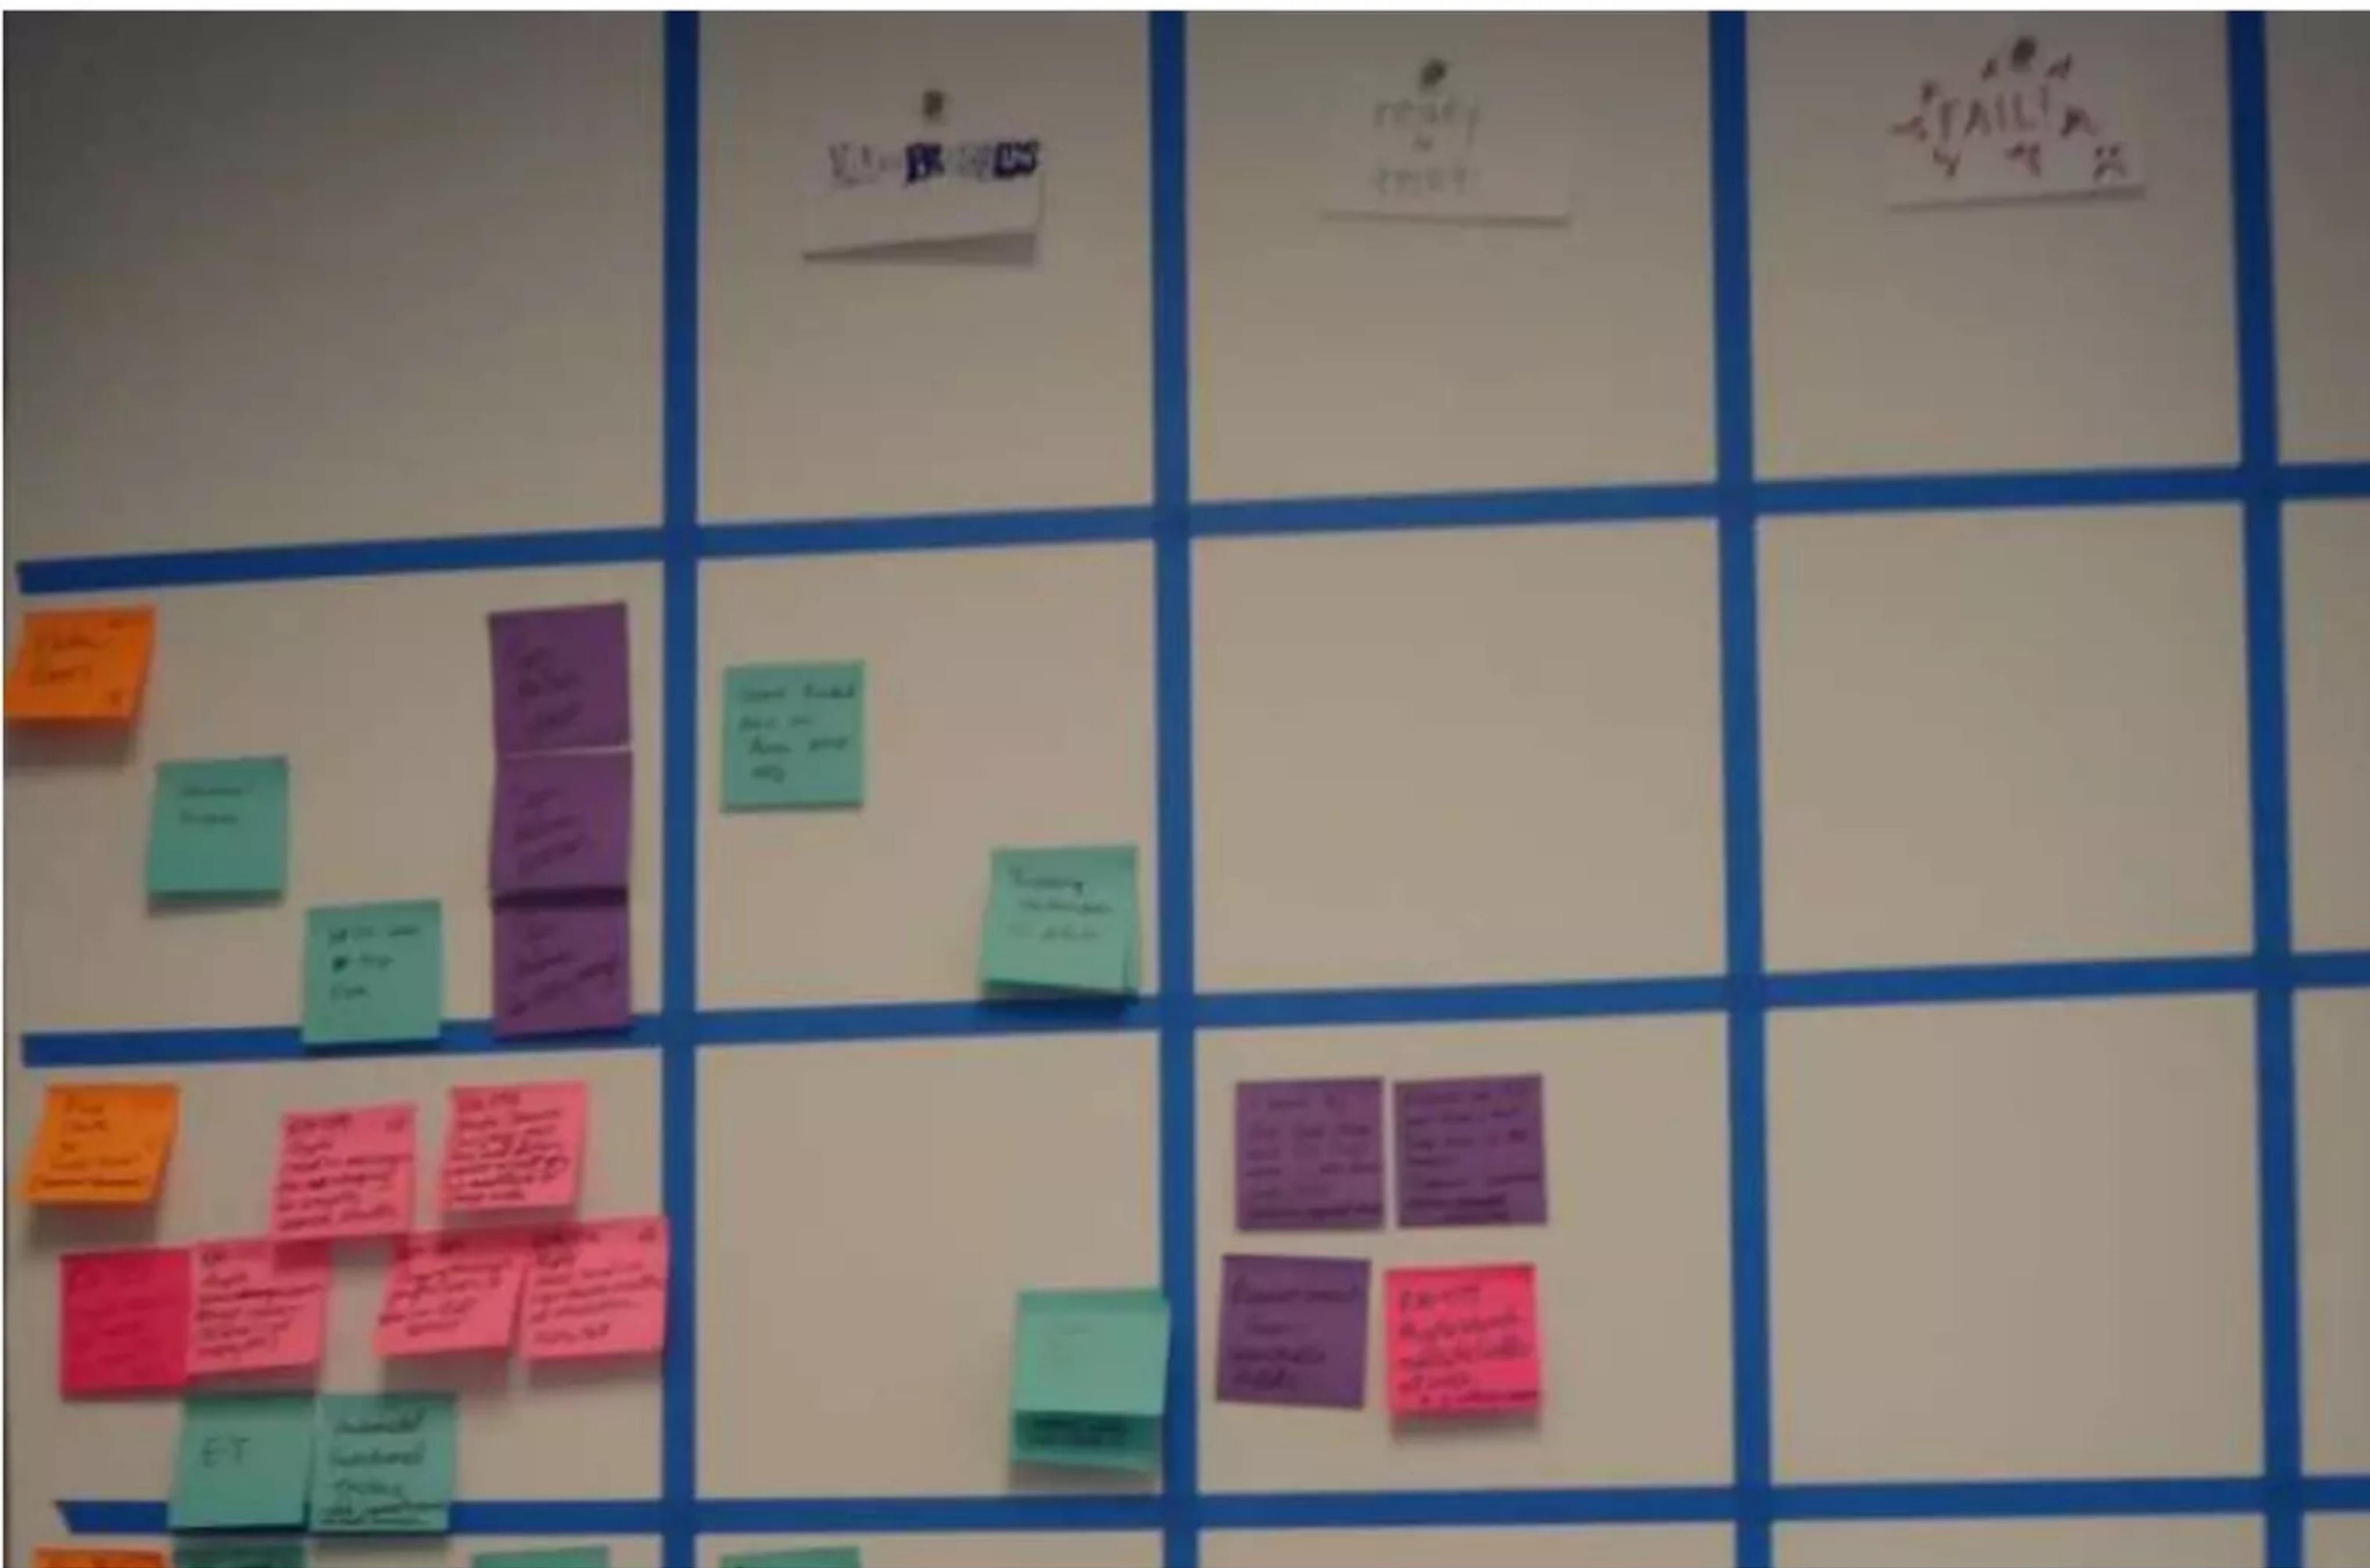

Is it sustainable?

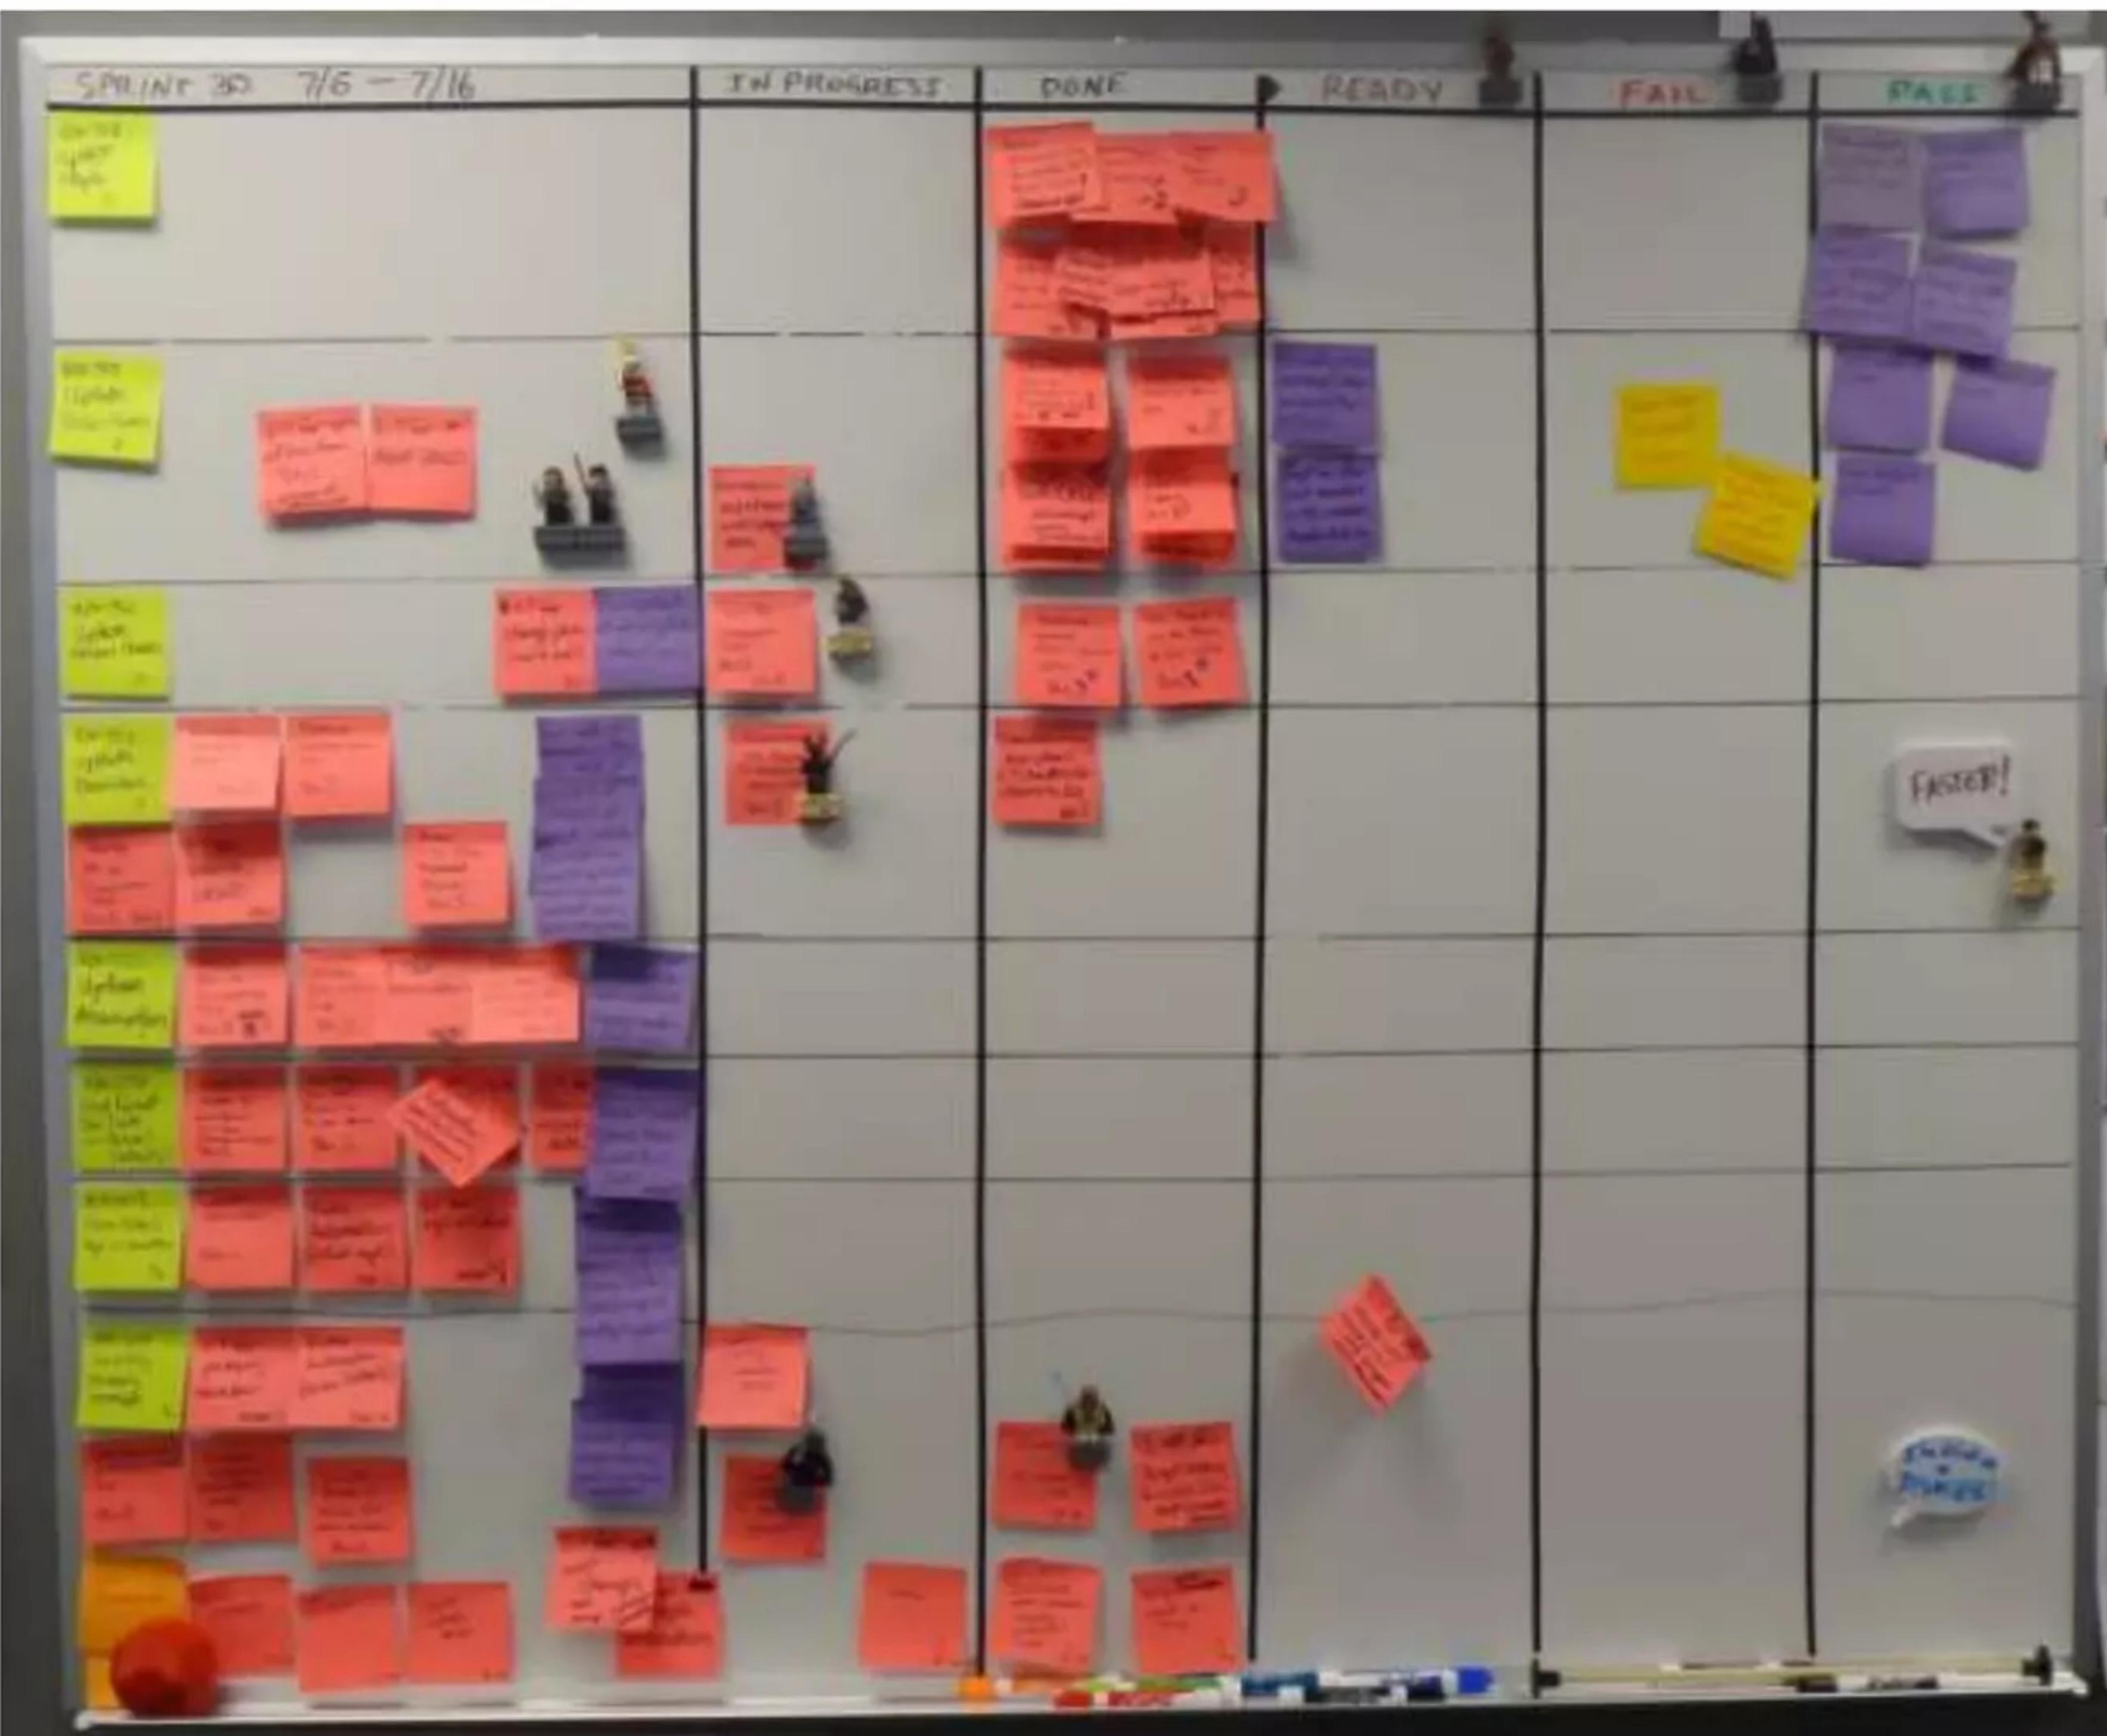

Sprint Board – Bug Lane

Sprint Board – Bugs in Stories

Sprint Board – Bugs & ET Charters

Special thanks to:

- my UX folks Will & Astrid who taught me all about personas
- my employer Daxko for sending me to CAST 2012
